

Corsair® Limited Warranty

Corsair provides a non-transferable warranty to the purchaser of Corsair hardware product purchased from an authorized Corsair reseller. Corsair warrants that the product will be free from defects in material and workmanship for a specified period commencing on the date of purchase. The warranty period will vary by specific product, as identified in your user documentation, on the product package, or as listed in the attached listing of Corsair Warranty Periods. In the event any of these warranty periods differ, the longest specified warranty period will apply.

Except where prohibited by applicable local law, this warranty is limited to the original purchaser and is non-transferable. This warranty provides you with specific legal rights, and you may have additional rights that vary under local laws.

In general, this warranty means your Corsair hardware product will operate in accordance with published technical specifications, as specified by its datasheet, and in the operating environment for which it was intended for the length of the warranty period.

This version of the warranty applies to products purchased on or after April 15, 2014. For prior versions of the Corsair limited warranty, please contact customer service.

Remedies

Corsair's entire liability and your exclusive remedy for any Corsair product that is not operating in accordance with its published technical specifications is at Corsair's discretion: 1) to repair or replace the product at Corsair's expense, or 2) to refund the price paid less a usage fee of 10% of the purchase price for each year since the date of purchase. This warranty obligation is conditioned upon the hardware being returned to the original place of purchase, or another place as directed by Corsair, with the original sales receipt attached. You may be required to pay shipping and handling charges, as well as any applicable tariffs, duties, taxes, or other fees. Corsair may, at its discretion, provide new or equivalent-to-new refurbished parts in good working condition, or repair or replace the hardware returned to Corsair.

Any repaired or replacement hardware will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is greater, or for the period of time required by local statute.

Obsolete or Discontinued Products

An obsolete or discontinued product will be replaced with the same product if available. If Corsair is unable to replace your obsolete or discontinued product with the same product, Corsair will replace the obsolete or discontinued product, in its sole discretion, with a product having similar function and capacity.
