

Conair Extreme Steam Supreme Garment Steamer GS108

Description

Get fast results for all your steaming and ironing needs with the most powerful handheld steamer** and keep your clothes looking perfectly pressed and smelling fresh. Engineered with 1875 watts of power, the Turbo ExtremeSteam® Steam & Iron 2-in-1 with Turbo by Conair® is a high-heat, handheld garment steamer that doubles as an iron for vertical or horizontal use. It heats up almost instantly producing 40% more steam*, with a 62% larger steam surface*, for faster smoothing. De-wrinkle and freshen clothing, curtains, linens, and more with 4 steam settings, while effectively killing 99.9% of bacteria†. It also has the added Smart Sensor Safety Feature which stops the steam when steamer is placed on a flat surface and starts steaming again when picked up. With the ability to quickly press and refresh fabric, the versatility to convert to an iron, and all the accessories you'll ever need, you can achieve flawlessly smooth, fresh-from-the-dry-cleaner results in no time!

*Compared to other similar Conair handheld steamers.

**Based on unit wattage of 1875 as of October 2020.

†Based on independent third-party test results. Follow product instructions to effectively kill bacteria.

* Bacteria reduction rate was measured after exposing the tested bacteria samples for 1 minute at a 1cm distance from the garment steamer's faceplate. Bacteria tested were Methicillin-resistant *Staphylococcus aureus* (MRSA) and *Klebsiella pneumoniae*.

Features:

- Kills 99.9% of bacteria† as it smooths, de-wrinkles, and freshens
- 8 foot power cord
- Extra-Large Aluminum Soleplate: 2-in-1 steaming and pressing doubles as an iron—with or without steam—to quickly and easily release wrinkles vertically or horizontally.
- 1875 Watts of Turbo Steam: as it smooths, de-wrinkles, and freshens
- Fast heat up; up to 10 minutes steam time
- Limited one year warranty (U.S. & Canada only)
