

iON Wireless Stand

Fast Wireless Charger

The iON Wireless Stand fast wireless charger combines the power of Qi wireless fast charging technology with new style and all-in-one modern design. Charge smartphones conveniently without cords by simply resting the device against an anti-slip ledge to begin charging wirelessly. Two Qi coils allow for wireless charging in portrait or landscape mode. The iON Wireless Stand is designed with a 65 degree tilt that allows for viewing content or notifications while charging wirelessly at home or in the office.

The base is built for balance and it features an anti-slip pad to provide extra traction on smooth or textured furniture surfaces. The iON Wireless Charging Stand from iOttie is available in three soft fabric color finishes that blend seamlessly into any home or office decor.
