

TRUE GLOW™ HEATED LOTION DISPENSER

HLD23TGR

Leaves skin feeling soft and silky.

Smooth and soften your skin the indulgent way with our Heated Lotion Dispenser. Just fill the reservoir with your hand or body lotion, wait two minutes for heat-up, then massage lotion into skin for a soothing spa experience. Taking your lotion to the next level, the heated lotion pump can ease dry, stressed skin and decrease signs of aging and sun damage.

- + Gently warms your favorite lotion in 2 minutes
- + Works with any hand or body lotion (not included)
- + Warm lotion penetrates deeply to moisturize and revitalize stressed skin
