# Foot Spa with Bubbles & Massage

Salon-style foot spa soothes with gentle bubbles and smooths with a pumice stone attachment.

Soothe and smooth your feet with an invigorating soak in the Foot Spa with Bubbles & Massage by ConairCare®. Activate the bubbles with the simple toe-touch control and luxuriate in the spa that stimulates and revives tired, achy foot muscles. Swirling water caresses your feet, easing away tension caused by standing, walking, and exercising. Roll your feet across the rounded nodes on the spa floor or raise them out of the water and onto the textured footrest for an invigorating manual massage that rubs your reflex points for ultimate relaxation. The pumice stone attachment buffs away dry skin, exfoliating your feet and leaving them feeling and looking refreshed and renewed.

Invigorating Bubbles: Millions of air bubbles gently soothe tired, aching feet.

Gentle Exfoliation: Pumice stone attachment allows targeted skin smoothing and gentle massage.

Textured Footrest: Stimulate the bottoms of your feet with a gentle manual massage on the splashguards above the footbath.

Toe-Touch Control: Easy-to-reach ON/OFF button activates the bubbles with a tap of your foot.

Extra-Deep Basin: Enjoy a deep soak and enhanced massage in water that reaches above the ankles.
