

BUNDLE DESCRIPTION

Bundle Name: H6PRO + B20 Streaming Bundle

Product Type: Wired Open Acoustic Gaming Headset + Streaming Microphone

USPs

Clear, Realistic, Studio-Quality Broadcasting

Send rich, natural vocals across the airwaves with the B20 microphone's studio-quality, and enjoy a lifelike soundstage while keeping your head in the game with the H6PRO'S Open acoustic design.

Sleek, High-Performance Setup

Upgrade your set-up with the EPOS Streaming Bundle: together, the H6PRO Open acoustic headset and the B20 microphone deliver brilliant sound and elegant design that look and sound incredible on-camera.

Customizable Audio Experience

Fine-tune your audio to suit any recording situation using EPOS Gaming Suite for PC. The B20's integrated sound card places game-changing audio experiences at your fingertips, from 7.1 Surround Sound to EQ, reverb, and voice enhancer features.

EPOS BrainAdapt™

Technology designed to support the way the brain processes sound to reduce the cognitive load enabling better communication, faster reaction time, and better in-game decision-making.

Product Description

For streamers and content creators who never compromise on quality and customization: meet the EPOS Streaming Bundle. Personalize your sound to match any recording scenario with digital audio processing and unlock 7.1 Surround Sound via EPOS Gaming Suite. The H6PRO headset's open acoustic design and the B20 microphone's crystal-clear sound create a wide and realistic soundstage, alongside a sleek design that looks great on camera. This dynamic duo is the perfect upgrade for your streaming setup.
