

Internet Security

Online security redefined

Not your run-of-the-mill antivirus

Over 400 million users power our machine-learning algorithms to create the largest threat-detection network with behavioral analysis that keeps even the unknown at bay.

Your expectations – exceeded

Everything you'd expect from Internet Security, and then some. Firewall? Covered. Anti-spam? We can the scams. Fake websites? Please.

New Ransomware Shield

Wall off your most personal photos and files from the ever-growing threat of ransomware by ensuring that these protected files cannot be encrypted without your permission.

Features

AVAST PRO ANTIVIRUS

AVAST INTERNET SECURITY

Smart Scan

One scan finds all those cracks which allow malware to slip in, from unsafe passwords to suspicious add-ons and out-of-date software.

PC PROTECTION

Antivirus

Smart analytics detect and block viruses, malware, spyware, ransomware and phishing.

Behavior Shield

Protects you from zero-second threats and ransomware by spotting suspicious behavior patterns.

CyberCapture

Isolates unknown files to analyze them in the cloud and lets you know if they're safe to use.

Real Site

Protects you from fake websites that steal your banking details and credentials.

Sandbox

Test and play with suspicious files in a safe environment before you let them run on your computer.

Game Mode

Put notifications on hold automatically to make the most out of your gaming sessions.

Anti-Spam

Dodge spam and other malicious content coming at you via email.

Firewall

Essential security that monitors and controls what goes in and out of your computer.

Ransomware Shield

Block untrusted apps from changing, deleting, or encrypting your photos and files.

PROTECTION BEYOND YOUR PC

Wi-Fi Inspector

Automatically detects weaknesses in your home Wi-Fi to keep hackers away..

Software Updater

Keeps your other software up to date to fix vulnerabilities and improve performance.

Passwords

Lock all your accounts with one secure password. We'll create new ones you can use to log in securely

SafeZone Browser

Surf & shop safely without changing your settings. Comes with all the privacy and security features you need.

In-product support

Send us a message right from your product and we'll get back to you as soon as we can.

Rescue Disk

The ultimate backup: Create a Rescue Disk image on a CD or USB drive to reboot into a computer that's too infected to start.

System Requirements:

Windows:

Processor Pentium 4, 256 MB RAM | 2 GB of free hard disk space Microsoft Windows XP SP3/Vista/7/8/8.1/10 (32/64 bit)
