

Secure360™

Introducing an Automotive Security Breakthrough: The all-new Waylens Secure360

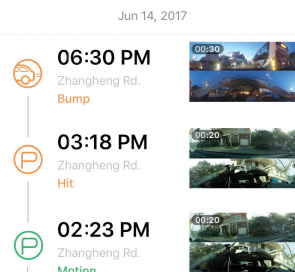

The Waylens Secure360 4G is a revolutionary automotive security camera designed to give drivers unprecedented peace of mind. Waylens Secure360 4G provides a true 360° view of what happens in and around your vehicle, automatically storing video to the cloud for on-demand access.

Easily monitor your vehicle and its surroundings in real-time and get instant notifications of any event, so that you can know, show and protect what's important.

KNOW

what's happening in and around your car in real-time from any location

SHOW

evidence of accidents, theft and other events with crystal-clear video

PROTECT

your car, your driving record and yourself from threats and misinformation
