

Maker Kit – 127 Pieces

- 1 smart battery cases (+Bluetooth)
- 2 motor blocks
- 4 LED lights
- 1 light sensor
- 2 sound sensors
- 2 proximity sensors
- 1 Logo Magnet Brick
- Two 2x2 Magnet Bricks
- Twenty 2x1 blocks
- Ten 2x2 blocks
- Sixteen 1x4 blocks
- Six 1x4 Plates
- Four 1x3 Bricks
- Twelve 2x2 Corner Bricks
- Two 8x16 Raised Surface Bricks
- A Pack of 42 Gear Accessories

What is Brixo?

BRIXO's Bluetooth-enabled electric bricks are the next generation of building blocks. We've taken one of the world's favorite toys and have empowered kids and adults to create (and learn!) like they never have before. Our bricks, which are Lego™ compatible, safely conduct electricity so you can make them move, spin, light up, and more. Power up your imagination with BRIXO!

Simple

No programming or prior knowledge required, BRIXO just works.

Creative

With built-in sensors and bluetooth chip, you can program your designs to do just about anything

Educational

Learn about electric circuits by actually building them with BRIXO blocks.

TRIGGER BLOCKS

Respond to sound, proximity and light and act as sensors

CONNECTOR BLOCKS

Electricity conducting blocks to help you design and build electrical circuits without wires

POWER BLOCKS

Smart, Bluetooth enabled power blocks that can be programmed and controlled using your phone

LIGHT BLOCKS

Illuminate your designs with lights that shine in different colors

MAGNET BLOCKS

Contains powerful Neodymium magnets to operate the proximity switches

MOTOR BLOCKS

Powerful geared electrical motors that bring your model creations to life
