

Infinity-10L2 (i10L2)

Title:

Cooluli Infinity 10-liter Compact Cooler/Warmer Mini Fridge for Cars, Road Trips, Homes, Offices, and Dorms

Product Feature Bullet Points:

- **CONVENIENT + LIGHTWEIGHT:** The Cooluli Infinity 10-liter thermoelectric cooler/warmer mini fridge is chic and perfectly portable. This unit measures 9.4" W x 11.4" D x 13.4" H and weighs 7.9 lbs.
- **QUICKLY SWITCH FROM COOLING TO WARMING:** Go from cooling to warming with one quick switch
- **ULTRA-VERSATILE + FUNCTIONAL:** Use the Infinity-10L cooler/warmer mini refrigerator as an extra storage space for food, drinks, breast milk, insulin, skincare, medications and other essentials.
- **STYLISH DESIGN:** Sleek, glass-front mini fridge is ideal to use anywhere in your home, the nursery, office, dorm room, and on road trips, vacation, and tailgate parties
- **ADVANCED TECHNOLOGY + WARRANTY:** The advanced semiconductor operation is energy-efficient and 100% environmentally friendly. The Infinity is supported by exceptional customer support and a 1-year limited warranty.

Product Description:

The Infinity-10L Cooler/Warmer Mini Fridge by Cooluli boasts efficiency and durability in one stylish compact unit. The all-purpose, thermoelectric Infinity goes from cooling to warming with one quick switch. The Infinity is perfect anywhere you need to store food, snacks, drinks, breast milk, insulin, skincare, personal care and beauty products, and medications.

Its compact design features a 10-liter capacity, tempered glass front, and the molded foldaway top handle makes transport a breeze. Use it everywhere—the Infinity's stylish construction matches any décor, making it the perfect addition to your home, countertop, business/office, dorm, hotel room, car/motor vehicle, or on your next road trip or tailgate!

Exclusive EcoMax™ Technology features Cooluli's unique cooling system that is powerful, helps prevent frost, and is incredibly quiet. The eco-friendly Infinity uses no refrigerants or Freons and is built to North American and EU/UK voltage specifications. Please refer to the Instruction Manual before use.

Cools down to: 35° – 40°F (20° – 22°C) below ambient temperature

Warms up to: 149°F (65°C) by internal thermostat

All Cooluli products are backed by a one-year limited warranty and Cooluli's unparalleled customer service.
