QUICK SETUP GUIDE

PS4 USB Hub

NS-GPS4SPUH18

PACKAGE CONTENTS

- USB Hub
- USB Connector adapter
- *Quick Setup Guide*

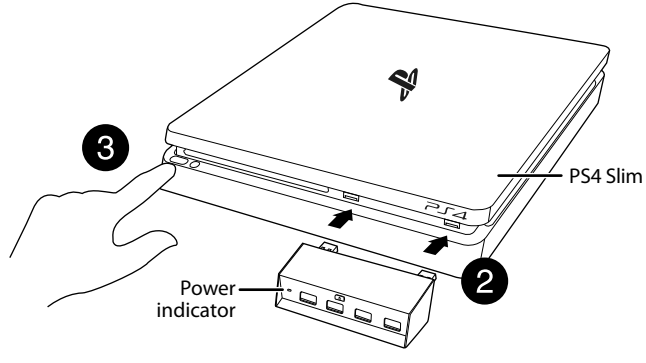

FEATURES

- 4 USB ports
- CD eject pass-thru button (PS4 Pro only)
- Compatible with PS4 Pro and PS4 Slim systems

Before using your new product, please read these instructions to prevent any damage.

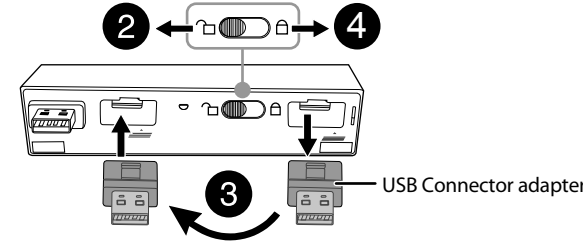

INSTALLING THE USB HUB ON A PS4 SLIM

1 Turn off your PS4 Slim (not included) and unplug any devices or cables from the USB ports on the front.
2 Plug the USB hub into the two USB ports on the front of your PS4 Slim.
3 Turn on your PS4 Slim. The power indicator on the USB hub turns blue, indicating it is working correctly.

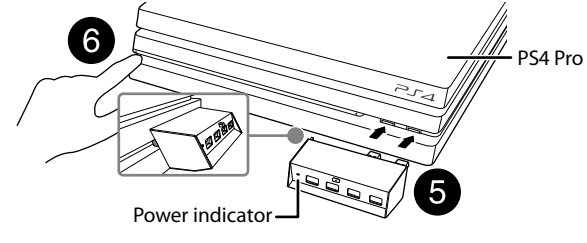

INSTALLING THE USB HUB ON A PS4 PRO

1 Turn off your PS4 Pro and unplug any devices or cables from the USB ports on the front.
2 On the back of the USB hub, slide the locking switch to the unlock state.
3 Pull the USB Connector adapter from the PS4 Slim port and move it to the PS4 Pro port. Make sure that the connection is secure.
4 Slide the locking switch to the lock state.

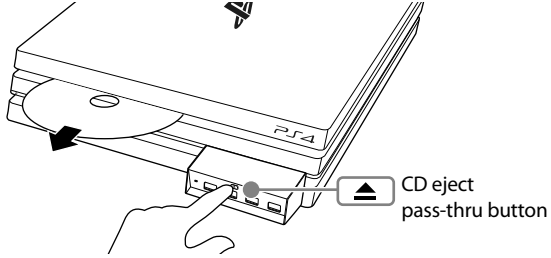

5 Plug the USB hub into the two USB ports on the front of your PS4 Pro (not included).
6 Turn on your PS4 Pro. The power indicator on the USB hub turns blue, indicating it is working correctly.

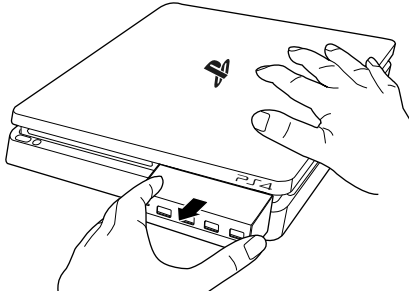

USING THE CD EJECT PASS-THRU BUTTON (PS4 PRO ONLY)

Press the CD eject pass-thru button on the USB hub to eject a disk from the PS4 Pro console.

REMOVING THE HUB (PS4 SLIM & PRO)

Securely hold the PS4, then pull the hub carefully outward.

LEGAL NOTICES

FCC Caution

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
