Explore Your Xtra Life

The rotatable structure in palm size that allows you to toss in a backpack conveniently, an extendable grip made for exploring bigger vision, and a handy App - ZY Cami, for making videos rock everybody!

Meet Smooth X and explore your EXTRA life!

FEATURES

Rotatable Design into Palm Size

No longer have to choose between high-quality video and lightweight travel. Get both at once! A palm-size rotating gimbal weighing only 246g easily fits into your bag or even pocket, and provides surprisingly stable footage with your phone.

Telescopic Grip for Perfect Angles

SMOOTH-X features a telescopic grip which can be extended to 260mm, allowing more space for you to find the best shooting angle. Plus, its uniquely-designed flexible axis can be folded and can stay in its position at multiple angles. See what you can get now? More friends, more views, more fun!

Gesture Control on Your Camera

Get control of your gimbal whether in hands or not. Now taking a photo or recording a video is as easy as showing a V gesture or waving to camera with your palm. Combined with the newest intelligent object tracking, everyone can be a solo film director of their lives.

Instant Transition from Landscape to Portrait Mode

No matter you're a TikTok, Instagram talent or a Streamer, SMOOTH-X can meet your needs in different scenarios. Double click on the M button, you will be switching between Landscape and Portrait mode in no time.

Unlimited Creativity Packed in New App - ZY Cami

No more tedious filming and editing. The new App-based SMART Mode offers a plethora of built-in templates integrated with customized movements, music, and other special effects. Now, everyone can be a master of filmmaking.

- Intelligent Object Tracking
- Multiple App-Based Editing Features
- Direct Control to Native Camera
- Creative Timelapse, Panorama, Slow-Mo and etc
