

- 1080p HDR camera
180° field of view
- Infrared night-vision
- Music-quality forward-facing speaker
- Less power consumption
- Bottom HD camera

Security starts from prevention

Receive an alert on your phone when the camera detects a person or motion. Talk live or respond with your custom greetings. Sound 100dB siren alarm or call 9-1-1 in the app.

Significantly less power consumption than other video doorbells in the market.

First dual-camera video doorbell

answer[®] DualCam Video Doorbell, a smart doorbell with dual cameras to eliminate blind spots and fully capture video footage of people and packages.

Brand A - blind spot ❌

Brand B - blind spot ❌
