REMOVABLE HANDLE

DC INPUT   AUX INPUT   USB CHARGE OUT

BATTERY LEVEL PRESS SIMULTANEOUSLY SHORT PRESS

EQ CHANGE PRESS SIMULTANEOUSLY LONG PRESS
CHARGING   Note: For optimum performance, charge overnight with DC Power Adaptor prior to using.

1 Before charging, it is recommended you turn off the speaker.

2 Open the silicone cover on the back of the speaker and connect the speaker to your computer or wall outlet using the provided DC Power Adaptor.

3 The indicator light on the front of the speaker will **blink purple one time** to indicate charging is in progress. Allow about 6 hours to fully charge over.

DC IN   AUX IN   USB OUT
POWER ON / OFF

Power ON: Press and hold for 2 seconds.

Power OFF: Press and hold for 4 seconds.

Stand By: When power is ON, press and hold for 2 seconds (See **Stand By** instructions for details)

PLAY / PAUSE

Quick Press to Play / Pause

VOLUME CONTROL

Volume Down   Volume Up   →

Green lights on ring will indicate volume level on speaker.

Note: Volume on the speaker works independently from your Bluetooth device. Adjust the volume on both the speaker and your device accordingly.
CHECK BATTERY LEVEL

Press both volume buttons simultaneously. (Short Press)

Purple lights on ring will indicate battery level on speaker.

CHANGE EQ SETTINGS

The House Party Speaker is pre-loaded with 2 EQ settings, for outside or inside.

To change the settings, hold both volume buttons for 3 seconds. The logo will flash green for outside and blue for inside.

CONNECT YOUR BLUETOOTH DEVICE

1 Power the speaker ON

2 Once Power is ON:

If you see the **blue pulsing logo** the speaker is already in **Bluetooth Mode**. Follow Step 3.
If you see the **white rotating ring** → Quick Press the Bluetooth / Receive Toggle Button

Blue pulsing logo will indicate **Bluetooth Mode.** Follow Step 3.

3 Press and hold for 3 seconds the Bluetooth / Receive Toggle Button to enter pairing mode.

4 Search for "JLab Block Party" in your Bluetooth device settings and connect.

JLab Block Party

Once connected, a voice prompt of "Bluetooth connected" and **solid blue logo** will be indicated. You are ready to play music.

RE-PAIR BLUETOOTH (OR PAIR NEW DEVICES)

1 When Power is ON:

If you see the **blue pulsing logo** the speaker is already in **Bluetooth Mode**. Follow Step 2.

If you see the **white rotating ring** → Quick Press the Bluetooth / Receive Toggle Button

Blue pulsing logo will indicate **Bluetooth Mode.** Follow Step 2.

**2** Press and hold for 3 seconds the Bluetooth / Receive Toggle Button to enter pairing mode.

3 **Blue pulsing logo** will indicate **Bluetooth Re-Pairing.** Search for "JLab Block Party" in your Bluetooth device settings and connect.

Note: If you have multiple Bluetooth devices connecting and want to connect a specific device, make sure you turn the Bluetooth OFF on your other devices so the speaker can connect to your desired device.

• Bluetooth is a wireless radio technology, which means it is sensitive to objects between the speaker and the connected device. The speaker is designed to be used within 33 feet (10 meters) of a connected device, with no major objects in between (walls, etc.).

• Once successfully connected, the speaker will memorize your device and automatically pair when turned on in the future. Only one device may be connected at a time. To pair a different device, first unpair the current one through its Bluetooth settings.

• If for any reason Bluetooth connection is lost, manually reconnect your Bluetooth device.

SHARE MODE (LINK SPEAKERS)

1 Power ON chosen **Main/Sharing speaker**.

JLab
Block Party
Connect the speaker to your Bluetooth device.
Once connected, **set this speaker aside until step 4**.

(Follow the **Connect Your Bluetooth Device** instructions if speaker is not connected to your device)

2 Power ON the other House Party or Block Party speaker(s) to enter them in **Receive Mode** as follows:

If you see the **white rotating ring** then you are already in **Receive Mode**.
Follow Step 3.

If you see the **blue pulsing light** → Quick press the Bluetooth / Receive Toggle Button

White rotating ring will indicate **Receive Mode**.
Follow Step 3.

3 Press and hold 3 seconds the Share Mode / Receive Mode button

White blinking ring will indicate that it is set to receive. All receiving speakers must be blinking white to link to Main/Sharing Speaker.
4 Return to **Main/Sharing speaker** that is connected to your Bluetooth device.

Press and hold for 3 seconds the Share Mode Button

Share Mode will **flash blue** indicating it is searching for **Receiving speakers**

CAUTIONS

• Listen to music at a suitable volume for enjoyment in order to not cause damage to your hearing and/or speaker system.

• Store in a well ventilated area.

• To reduce the risk of fire or electric shock, do not expose this speaker or the accessories to rain, water drops or moisture.

• Keep the unit away from an open flame such as fire, candle, etc.

• Avoid extreme heat, cold and humidity.

• Only use attachments/accessories specified by the manufacturer.

• Do not drop any objects into the unit through the openings.

• Do not place anything heavy on the unit.

• To ensure proper ventilation and proper operation, never cover or block the slots and opening with a cloth or other materials.

• The maximum working temperature is 95°F/35°C.

• Lithium batteries (like all rechargeable batteries) are recyclable and should NOT be recycled or disposed of in normal household waste. Contact your local government for disposal or recycling practices in your area.
