

## EL-54SBB

### 54 Bottle Single-Zone Wine Cooler

The EL-54SBB wine cooler makes the perfect, stylish way to store your finest bottles of wine. The black wire racking with black wooden lip cradles your collection behind a glass door with white trim. Soft blue interior LED lighting showcases your wine, making it easy to select which wine to serve next. An easy-to-use digital temperature control panel makes it simple to keep your wine at the ideal serving temperature. This cooler is equipped with front exhaust making it perfect for built-in installation. This 54 bottle wine cooler has a sleek, elegant design that will give your wine collection the distinction it deserves.
