

Outdoor Battery Camera

Stay connected to your home with an outdoor battery camera that delivers superior visibility, ensuring you see what matters from anywhere.

Best-In-Class Visibility

See every detail with 2K video, a built-in motion-activated spotlight, and a 130° wide-angle lens.

Color Night Vision

Enjoy a brilliant view no matter the time or lighting.

Motion Detection

Get real-time alerts when motion is detected by your camera.

Easy Setup & Recharge

Installation takes just minutes. To recharge, simply remove the magnetic camera head and plug in.

Motion-Activated Spotlight

When motion is detected, the built-in LED spotlight activates—helping to deter intruders by illuminating your home's exterior.

360° Adjustable Swivel Lens

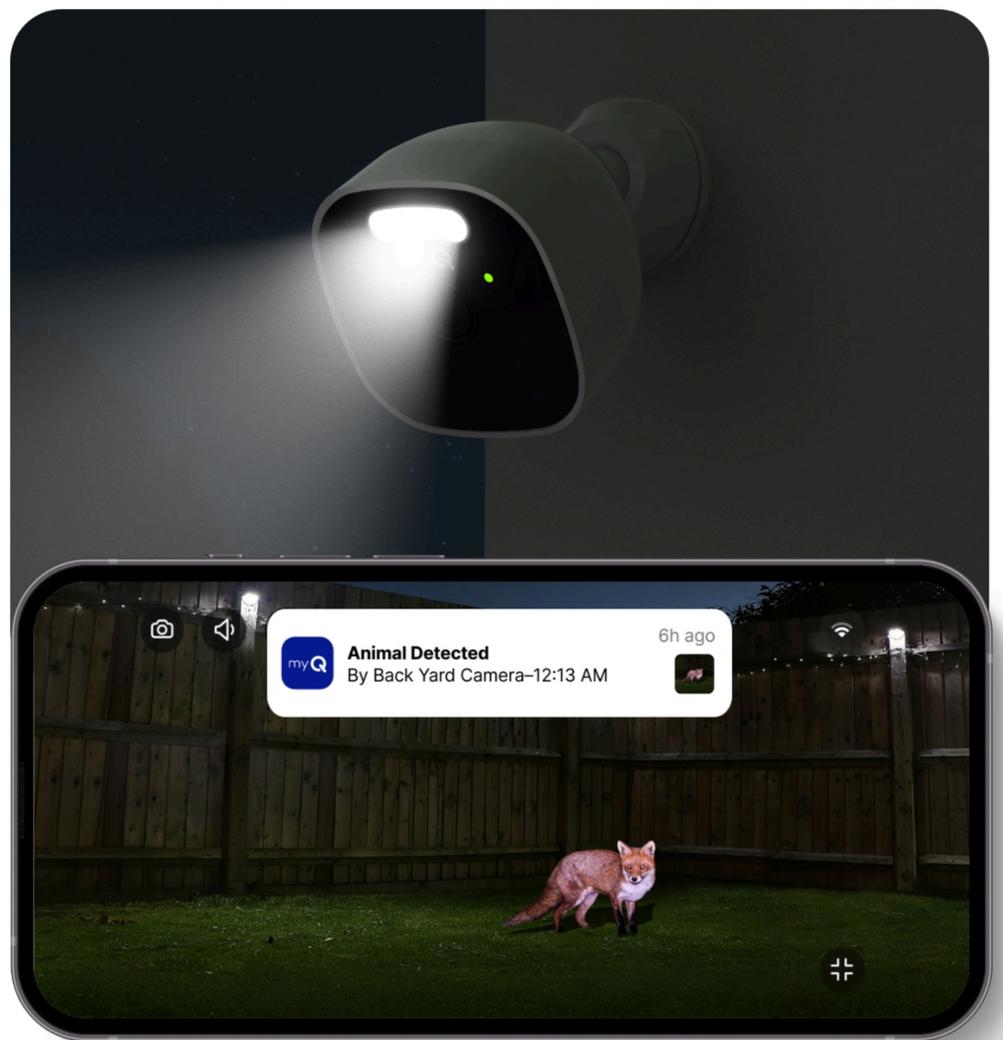

Manually adjust the camera as needed for comprehensive coverage.

Get 24/7 home visibility with a Video Monitoring Plan

myQ Video Monitoring helps you achieve peace of mind by providing line of sight to all activity in and around your home and property.

With features like video history, a suite of smart detection (face, person, animal, vehicle), and preview notifications, rest assured you're in the know on who's home, what's happening, and when.

Every myQ device includes a complimentary 30-day trial of the Video Monitoring Plan, giving you access to the full range of myQ features and benefits.

Try all premium features for free!

 myQ Smart Secure automation	 30 days of video history	 A suite of smart detection	 Preview notifications
