BlackShark V2 X

The entry-level esports gaming headset with tournament-grade features – the BlackShark V2 X features an over-ear closed cup design for improved passive noise cancellation. Its equipped with the all-new Razer™ TriForce 50mm Drivers and 7.1 surround sound, that provide an immersive gaming audio experience. Its Razer™ HyperClear Cardioid Mic ensures crystal-clear team communication. While its lightweight and durable design ensures it can withstand daily intense gaming sessions.

- **Razer™ TriForce 50mm Drivers for high-end audio performance**
- **Razer™ HyperClear Cardioid Mic for enhanced voice capture**
- **Advanced Passive Noise Cancellation for uninterrupted focus**
- **Lightweight Design with Memory Foam Ear Cushions** for long-lasting comfort
- **7.1 Surround Sound** for accurate positional audio
- **Cross-Platform Compatibility** for use across devices with its 3.5mm jack

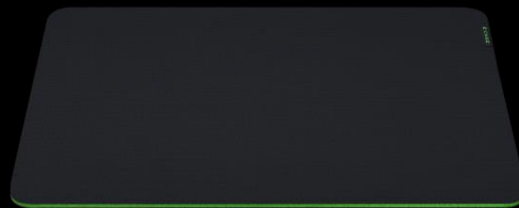

The Definitive Esports Gaming Headset

Gigantus^{V2}

If you've got a killer mouse, then get the right mouse mat to make it a deadly combination. Go big with the Razer Gigantus V2's textured micro-weave cloth surface. Up your game with fluid swipes and pixel-precise aim, while the soft mat cushions your wrist as you take care of the competition.

Able to cover entire desks, our 3XL size is perfect for those who use a lower DPI or like to have more mouse mat area to maneuver, while the 3 smaller sizes are ideal for a variety of other layouts.

Woven for speed, crafted for control

Size	Dimensions		NASA (Gigantus V2)
