WITH AMAZON ALEXA****PRODUCT COPY**

Acton II Voice combines the legendary sound of Marshall with the helpfulness of Amazon Alexa, for a speaker that's not just smart, it's brilliant. This dynamic compact speaker features three dedicated class D amplifiers that power its dual tweeters and subwoofer, for a sound that is nothing short of large. With Alexa you can use your voice to multi-task, hands-free. Ask Alexa to play your favourite playlist or teach you a new chord progression on the guitar. Even tell Alexa to turn the volume up when your favourite song comes on or hit the lights when you're ready to call it a day. It's the smart way to listen to music, and so much more.

Classic Marshall details such as a textured vinyl covering, salt & pepper fret and the iconic script logo adorn the sturdy wooden frame of Acton II Voice. Located on the front of the speaker is a brass plate with LEDs that indicate when Alexa is ready to respond to your command. The brass plate is proudly etched with the establishment date of 1962 – a subtle nod to the brand's heritage and over 50 years of loud ■
