DSLR Shutter Remote
**RF-UNISR1**

Package contents
- DSLR shutter remote
- Intermediate cables (4)
- *Quick Setup Guide*

Features
- Works with most DSLR cameras with remote terminals.
- Use the shutter release button just like the one on your camera.
- Shutter lock lets you keep the shutter open for time exposures, or to shoot continuously.

Cautions:
- Please insert or remove the plug carefully. Take care to not to force it.
- Don't forget to disable the shutter lock function by unlocking the shutter release button lock after shooting.
- Do not leave the device in high-temperature or high-humidity environments.

Cord

Female adapter (Not available in remote cord for Terminal Type C1)

Shutter release button lock

Shutter release button

Intermediate cables

C1   C3   N1   S1

Connecting your shutter remote
1 Open the camera's remote terminal cover.
2 Select an intermediate cable to match your camera's remote terminal, then connect the intermediate cable to the female adapter on the DSLR shutter remote cord.
3 Insert the plug on the intermediate cable into the remote terminal on your camera.

4 Adjust settings on the camera. For details, see the camera's user manual.

Using your shutter remote

1 Press the shutter release button halfway for the camera to focus.

2 After the focus indication appears in the viewfinder, fully press the shutter release button to shoot the picture. **Note**: When the subject is in a dim environment where it's difficult to use auto-focus, set the camera on MF (manual focus) mode and rotate the focus ring to focus the shot.

Shutter lock function

In B (Bulb) mode or continuous shooting mode, shutter lock is available. To enable it, fully press the shutter release button and slide it in the direction of the arrow.

- When locked in B (Bulb) mode, the camera shutter remains opened for time exposure.
- When locked in continuous shooting mode, the camera shutter continually operates for continuous shooting.

Specifications

Terminal type	C1/C3/N1/S1 (one out of four)
Dimensions	Approx. .35 × 3.82 × .83 in. (29 × 97 × 21 mm) (Cord not included)
Cord length	Approx. 39.4 in (1 m) (Terminal included)
Net weight	Approx. 1.76 oz. (50g)
