

Code: Realize™

~Wintertide Miracles~

Aksys Games is pleased to announce that **Code: Realize ~Wintertide Miracles~** will be coming to the PlayStation®4 system and the PlayStation®Vita system both physically and digitally in North America on February 14, 2019—just in time for Valentine’s Day! Made by the masters of the otome genre, Idea Factory and Design Factory, **Code: Realize ~Wintertide Miracles~** continues the adventures of the poison-skinned maiden Cardia and a selection of famous (and famously handsome) figures from Western literature as they face new challenges, new friends and foes, and new opportunities for love.

Key Features

- **Triangulate** - Experience the magic and chaos of a two-on-one date. Play with dynamics (and hearts) by bringing multiple members of Lupin’s gang on a wide variety of romantic romps. Sit back and watch the fireworks!
- **Every End Has a Beginning** - Learn more about the dashing detective Herlock Sholmés and the mysterious Finis in the continuing sagas involving the newest men in the Code Realize universe.
- **The (New) Belle of the Ball** - Cantarella, the mysterious young lady Cardia met during one of her many adventures, gets her turn in the spotlight. Join Cantarella as she gets caught up in the chaos that always seems to surround Lupin and his gang.

- *Limited Edition Includes:**
- 6 - 3" acrylic figurines featuring the Chibi artwork of the characters
 - 8 - 4x6 oversized character cards
 - All in a collectible rigid box
