### MRC-HDDVR

Protect your precious cargo and gain extra visibility into your rear blind spots and record both front and back views with the Full Screen Rear View Mirror Replacement Monitor with DVR and Backup Camera Kit from EchoMaster. The total kit features a 9.3" full screen HD rear view mirror monitor, a 1080p AHD backup camera, plus front and rear DVR. This rear view mirror monitor is universal and works with most vehicles but also included are additional mirror monitor adapters to cover a wide range of vehicles. Don't miss a thing with the front and rear DVR feature. Always recording, you can capture incidents and be that second set of eyes for driver safety.
