Product name

VTech Safe&Sound Storytelling Sound Machine Baby Soother - BC8311

Product description

"Soothe your baby into a sweet slumber with the VTech Safe&Sound Storytelling Sound Machine Baby Soother. The first of its kind, this sound machine comes with 60 minutes of preloaded stories to help your babe drift off to dreamland. Or, choose from one of the 10 gentle lullabies and 10 natural sounds including white noise. For extra fussy nights, the built-in nightlight on this noise machine fills the nursery with soft light from a sweet projection to calm your baby.

With the VTech Safe&Sound Storytelling Sound Machine Baby Soother, you can help baby feel close to you even when you can't be there. Simply record your voice using the free app, then lull your little one to sleep with personal messages or special stories of your own. Auto shut-off turns the soother off after 15, 30, 45 or 60 minutes, letting your child fall asleep at their own pace.
