

## Samsung J7 (2018)

### Brilliant High Definition Display, Dual 13MP Cameras

Sporting a 5.5" high definition display and a generous assortment of advanced features, this Samsung Galaxy smartphone delivers pleasing performance inside and out. The Galaxy J7, powered by an Android 8.0 operating system and 1.6 GHz octa-core processor, makes texting, surfing, streaming, or accessing social media fast and easy. The screen radiates vivid color and crisp images, perfect for all the beautiful photos you'll capture with the 13MP rear-facing camera, and selfies taken with the 13MP front facing camera. The device offers 32GB of storage, expandable up to 400GB by adding a microSD card (not included). Whatever challenges a busy digital life presents, the intelligently designed Samsung Galaxy J7 is sure to be up to the task.
