Accessory

Don't get caught without enough recording space again, with the Memorex two blank audio cassette tapes accessory pack. With each pack you'll get two blank 90-minute audio cassettes (45 minutes per side, per tape). Designed specifically for recording, you'll get optimal voice and music recording that's built to last. With its low noise surface, your favorite songs will record like a dream and play back even dreamier. Memorex's attention to high-quality materials means these tapes are durable so you'll be able to record and even rerecord on these cassette tapes until your heart's content. The clear cassette tapes make labeling your cassettes easy and both sides are clearly labeled A and B, so you'll always know which side to use. The cassette case is also clear and includes a label sheet for writing down recording notes such as the date or music information such as artists' names and song titles.
