PRECAUTION

Improperly setting up, using, or caring for this product can increase the risk of an accident or human injury.

Do not use the tablet in a facility control system that requires extremely high reliability. It may cause other electronic devices to malfunction, or other devices may cause the tablet to malfunction. Make sure the device is switched off in locations where their use is banned to prevent interference with other electronic equipment. Wacom cannot be held responsible for damages.

Avoid damaging the cable. Do not place heavy objects on the cable, repeatedly bend it sharply, or apply heavy stress to the cable connector. Damage to or laceration of the cable, or water or other liquids coming into contact with it, may result in malfunction, electric shock or the outbreak of fire.

Do not use a distorted or bent pen nib with the pen. A nib in this condition may cause the pen to operate improperly and scratch your tablet. Avoid using too much pressure with your pen to prevent the nib from bending or distorting.

Do not store the pen so that the pen tip or buttons are continually depressed.

To ensure the safe operation of the product, be sure to follow all instructions, cautions, and warnings found within this guide. Failure to do so could cause damage to the product, damage to your computer, or loss of data. Failure to do so could also void your warranty, in which case Wacom will have no responsibility to repair or replace the product.

This tablet serves and should only be used as a passive display and input device.

Only use a power adapter specified for use with the product. If a different type of power adapter is used, the product will not work properly or may be damaged. Regularly remove dust build-up from the power plug. The addition of moisture, etc., to accumulated dust may create a fire hazard.

Do not connect or disconnect the power adapter with wet hands. Ignoring this caution may result in electrical shock or product malfunction.

Do not insert foreign material into the USB port, video connector ports, or any other opening of the product. If a metal object or foreign material is inserted into a port or other opening of the product, it may cause product malfunction, fire, or electrical shock.

Do not connect or disconnect the video or power cables while this product or your computer are turned on; this may damage the display or computer video card. In this case, Wacom will have no responsibility to repair or replace the product.

LIMITED WARRANTY

(EUROPE, AFRICA AND MIDDLE EAST)

WACOM warrants to you, as the initial purchaser, (hereinafter referred to as “you” or “the customer”) that the product hardware will remain free from defects in materials and workmanship under normal use and service for a warranty period of two (2) years, commencing from the purchase date and provided that the product was unused at the time of purchase. Defects in wear parts (e.g. pen nibs and batteries) resulting from normal wear and tear are exempt from the warranty. Furthermore, WACOM warrants that the data carriers delivered with the product are free from defects in materials and workmanship under normal use for a period of six (6) months from the date of purchase. If during the applicable warranty period the product, excluding any software, is discovered to be defective, it should be returned immediately to the place of purchase in its original packaging together with your name, address, and telephone number, a description of the problem, and a copy of the original receipt. The customer shall be liable for any possible damage or loss of the product during transit to the place of purchase for this purpose. WACOM’s sole obligation and entire liability under this warranty shall be, at WACOM’s option, either the repair or replacement of the product or parts thereof that prove defective and that were returned within the applicable warranty period. Any descriptions, drawings, specifications, samples, models, notifications or similar material provided in connection with the purchase of the product cannot be taken as an explicit guarantee that the product corresponds to or fulfills your requirements. The warranty guaranteed by law remains unaffected. You can claim defects of the product in accordance with the relevant legal provisions.

WACOM shall only be liable for itself and its vicarious agents if a material contractual obligation has been culpably breached in a manner jeopardising the purpose of the contract or the damage is due to intentional acts or omissions or gross negligence. A material contractual obligation is an obligation which is essential to the proper performance of the contract on which the other party will typically rely. In case that the culpable infringement of such a material contractual obligation is not due to intention or gross negligence, the liability of a party shall be limited to such damages being typical for the contract and which were reasonably foreseeable at the time of the closure of the contract. Where these Terms and Conditions preclude or limit liability, this also applies to the personal liability of the executive officers of the party concerned, its employees, agents and subcontractors. The provisions of the product liability law (Produkthaftungsgesetz) remain unaffected. If, when a claim made under this warranty is checked, it emerges that it is outside the permitted time period or is not covered by the warranty or that the product is not defective, the customer will reimburse WACOM for associated costs. This limited warranty shall apply if the registered office of the vendor is situated in the EU or Iceland, Norway, Jersey, Switzerland, Russia, the Ukraine, Croatia, Serbia, Tunisia, Turkey, Syria, Lebanon, Jordan, Israel, Egypt, the United Arab Emirates, Iran or South Africa. The city of Düsseldorf, Germany, is the sole place of jurisdiction for all claims arising from this contractual relationship and all disputes between the parties resulting from the formation, handling or termination of the contractual relationship, provided that the customer is a trader, a legal entity or fund under public law. The jurisdiction agreement shall also apply for customers who do not have a general place of jurisdiction in Germany. The jurisdiction agreement shall not apply if, due to legal provisions, a different sole place of jurisdiction must be established for the case.
