Key Highlights

- 360° Premium Surround Audio
- GPS Distances & Hole Views for 42,000+ Courses
- Dynamic Hazard Mapping
- Unlimited Broadcast Audio Pairing via Auracast™
- True Distance™ Environmental Yardage Adjustments
- AI-Powered Club Recommendations
- On-Device Scorekeeping & Scorecard
- Heavy-Duty Magnetic Cart Mount
- USB-C Powerbank Device Charging

Product Positioning

Player Pro is the **flagship connected GPS speaker** in the Blue Tees ecosystem.

Designed for golfers who want both immersive on-course audio and real-time course intelligence, Player Pro combines premium 360° sound with built-in GPS functionality and touchscreen control.

With front, center, and back yardages, hazard mapping, True Distance™ adjustments, and seamless integration with the Blue Tees GAME app, Player Pro transforms the golf cart into a connected command center for the round.

Category:

Golf GPS Speaker

Subcategory:

Part of the Blue Tees Connected Ecosystem

Blue Tees products are designed to work together — connecting practice, play, and performance data across devices and apps.

Player Pro pairs with the **Blue Tees GAME app** to unlock advanced course intelligence, AI-powered club recommendations, and performance tracking. When used alongside other Blue Tees products like the Rainmaker launch monitor, or the Ringer Handheld GPS, golfers can build a fully connected experience that carries powerful insights and better vibes from practice to the course.

With cross-device data syncing and shared audio pairing through Auracast™, Player Pro becomes a true hub of the Blue Tees connected ecosystem.

Connected GPS & Audio Device

Long Description

Player Pro is the next evolution of the award-winning Player+ — the GPS golf speaker that helped redefine what golfers expect from on-course audio.

Building on that foundation, Player Pro introduces a new level of intelligence and control by combining powerful 360° audio with built-in GPS course data and a vibrant touchscreen display. The result is more than a speaker—it's a smarter on-course companion designed to bring music, distance, and gameplay together in one device.

The full-color touchscreen provides fast access to front, center, and back GPS yardages, dynamic hazard distances, and on-device scoring across more than 42,000 courses worldwide. When paired with the Blue Tees GAME app, Player Pro unlocks advanced features including True Distance™ environmental yardage adjustments and AI-powered club recommendations that help golfers make smarter decisions on every shot.

Player Pro also delivers upgraded 360° audio through enhanced dual-driver speakers and passive radiators tuned specifically for outdoor listening. With Auracast™ broadcast pairing, golfers can connect unlimited Player Pro speakers to create shared listening experiences across carts, groups, and events.

Built for the course, Player Pro features IP67 waterproof protection, a reinforced composite housing, and an improved heavy-duty magnetic mount for secure placement during every round. With up to 14 hours of battery life and seamless integration across the Blue Tees connected ecosystem, Player Pro transforms the golf cart into a fully connected command center.

Music. Distance. Decisions. All in one device.
