

ZUS[®]

Wireless Smart Backup Camera

170 Degree Rear View without Wiring and Holes

nonda[®]

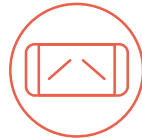

The ZUS Wireless Smart Backup Camera is an easy and cost efficient backup camera built to fit all license plates. The backup camera easily installs in 10 minutes and once connected, provides a 170-degree field of view day or night.

170° Wide Angle View

Clearly view everything behind you, day or night.

Smartphone Integration

Directly view on your smartphone. No separate screen is required.

Weatherproof

IP67 certification offers protection for all types of weather.

Clear Night Vision

Two high-powered infrared lights for clear night vision.

Rechargeable Battery

Powered by the same Lithium ion cells as in the Tesla Model X, each charge lasts 3 months.

Self-Install In 10 Mins

Easy installation with no wiring or drilling required. Save \$120 or more in installation costs.

Phone Compatibility: Phones or tablets with iOS 8.0 or newer or Android 4.3 or newer.

Car Compatibility: All cars with maximum length of 19.4 ft / 5.9 m (max length for Bluetooth connection to ZUS app)
