about recycling of this battery(ies), please contact your local authority or the shop where you purchased the product or battery(ies).

10.0 FCC Compliance Statements

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

08

TOZO®

RF Exposure Compliance

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

11.0 ISED Compliance Statements

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émiseur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé. Cet émetteur ne doit pas être colocalisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

09

TOZO®

12.0 CE-DOC

Hereby, [Manufacturer] declares that the radio equipment type [Model No.] is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.tozostore.com

2.5 - 5.0 W

The power delivered by the charger must be between min 2.5 Watts required by the radio equipment, and max 5.0 Watts in order to achieve the maximum charging speed

Warning!

1. Do not dismantle or refit the product to avoid malfunction or fire hazards.
2. Keep away from corrosive liquids.
3. Keep away from extreme ambient temperatures below-10°C or above 50°C.
4. Keep away from children and pets.
5. Do not touch the earbuds with sharp objects.
6. Do not use the product in thunderstorm weather.
7. If it has not been used for more than a month, please charge and maintain it in time to ensure that it is safe.
8. Since the Bluetooth signal cannot be transmitted underwater, swimming, diving will cause the signal disconnected or intermittent.

SPECIAL REMINDER:

Wipe the hardware contacts of the headset and charging box when the headset is not charging.

Note:
If your problem is not answered above, please contact us via email, we will respond within 24 hours.
Email: info@tozostore.com

Battery Warning!
This product has built-in lithium battery. Do not expose the product to strong sunlight, fire or throw it into the fire to avoid explosion.

Open EarRing
OPEN EAR EARBUDS

User Manual

TOZO®

1.0 Product Overview and Features

The packaging contains TOZO Open EarRing earbuds preinstalled, a charging case, a USB-C cable, and instructions.

01

TOZO®

2.0 Wearing Steps

Ensure the speaker hole is facing into the ear. The speaker hole facing outward is not the correct way to wear the earbuds.

3.0 Pairing and Connectivity

1. Take out the two earbuds from the charging case, they will turn on automatically and connect within 10 seconds.
2. The white lights on both earbuds flash in a cycle (500ms on, 500ms off).
3. Search for the pairing name [TOZO Open EarRing] and select it on your phone.

4.0 Power On/Off

4.1 Earbuds Auto Power On
Open the lid, the earbuds will power on automatically.

4.2 Earbuds Auto Power Off
Placing the earbuds back in the charging case and close the lid will automatically power off.

4.3 Another Method of Earbuds Power On/Off
Tap and hold the "L" or "R" for 3 seconds; it will turn on when the earbuds power off.

Tap once, then press and hold for 8 seconds; it will turn off when not playing audio.

The earbuds will automatically turn off if they remain disconnected for more than 5 minutes.

02

TOZO®

5.0 Operations and Controls

5.1 Music Operation
(Operation in wearing of double earbuds)

5.2 Calling Controls

5.3 Voice Assistant

NOTE: If you accidentally get only one earbud paired with a phone, please make sure both earbuds have been turned on. (Tap and hold the unpaired earbud for 3 seconds to turn on). If necessary, please try the "Reset" options to restore to factory settings.

03

TOZO®

5.4 Reset

If only one earbud is working, please follow these steps:

1. Delete all [TOZO Open EarRing] Bluetooth records on your phone and turn off Bluetooth.
2. Put the earbuds into the charging case, open the lid.
3. Press and hold the RESET button on the charging box for 10 seconds to complete the reset.

6.0 Charging and Battery

6.1 Charging Case Indicators

1. Open the charging case lid or insert the earphones into the charging case, the screen will show the battery levels of both the charging case and the earbuds. The screen will turn off after 5 seconds.
2. While charging, the battery percentage of the charging case will flash on the screen, and at the same time, it will show the earbuds' battery levels. The screen will turn off after 5 seconds.
3. If you single-click the Reset button on the charging case, it will display the battery levels of both the charging case and the earbuds. The screen will turn off after 5 seconds.

04

TOZO®

7.0 TOZO App

Download the TOZO app for UI customization, EQ settings, and more.

- UI customization: Most of the controls can be customized in the app.
- EQ settings: There are lots of EQ settings you can choose in the app to optimize your experience while enjoying different music genres.
- Earbuds firmware update: The earbuds firmware can be updated in the app. Once you connect the earbuds to the app, you will be informed if a new version of firmware is detected.

8.0 TOZO App Pairing

Step 1:
Download the TOZO app on your phone.

Step 2:
Pair your earbuds with Bluetooth.

05

TOZO®

9.0 EU Battery Regulation

This symbol on the battery(ies) or on the packaging indicates that the battery(ies) provided with this product shall not be treated as household waste. Instead, please separate battery(ies) from other types of waste and recycle it (them) through your local recycling system to protect environment and health. (When Cd is more than 20ppm or Pb is more than 40ppm, the chemical symbol of the excess substance shall be marked under the separate collection symbol) For more detailed information
