

# S-SB12V

12" Alpine Halo S-Series Preloaded Subwoofer Enclosure with ProLink™

ALPINE

## PRODUCT OVERVIEW

A subwoofer enclosure that sounds as good as it looks. Alpine's preloaded, linkable subwoofer enclosures give you powerful performance with the unique Alpine Halo design.

## PRODUCT FEATURES

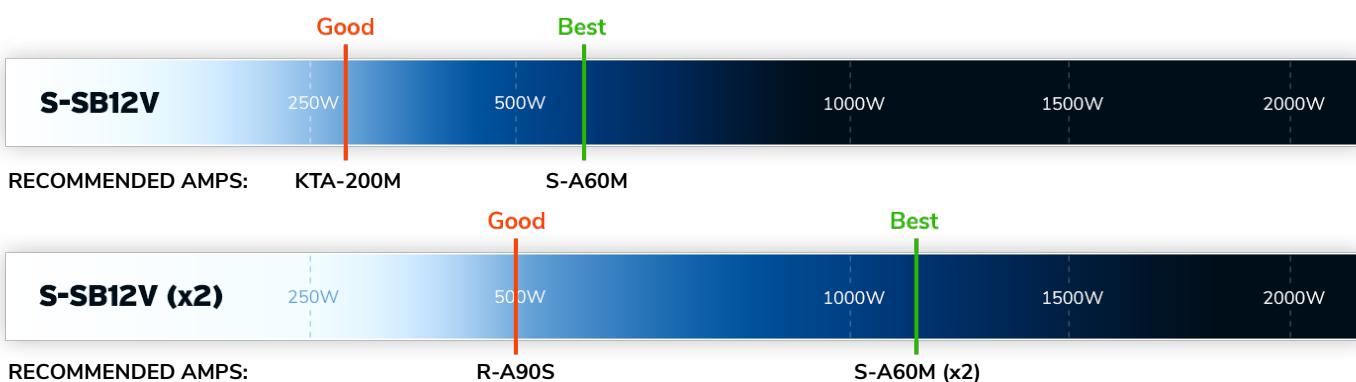

**Unique ProLink™ Design** – ProLink™ is unique to Alpine and allows you to link two S-SB12V enclosures together using an optional KTX-H12 linking kit to create a dual subwoofer enclosure.

**Stand Out in the Crowd** – Drawing inspiration from the sleek, tapered lines and clean silver finish of the Alpine Halo display, the S-SB12V shares the same unique, curved edges outlined by a silver trim and a metallic front baffle for a matching system aesthetic.

**Optimal Sound Performance** – The ported enclosure design features an optimized vent and rounded internal port edges that maximize the output performance of the subwoofer.

## POWER RANGE: 250-600W
