Important Information

This adapter is designed for wireless CarPlay with iPhones running iOS 10 or newer, and for wireless Android Auto with Android phones running Android 8.0 (Oreo) or higher, through vehicle infotainment systems that have built-in Apple CarPlay or Android Auto. Refer to the next page for instructions on how to check if your vehicle has built-in CarPlay or Android Auto.

However, NOT every vehicle with built-in Apple CarPlay or Android Auto is compatible with this adapter. If you encounter any issues while using this adapter, please do not hesitate to contact us.

Function	Convert OEM Apple CarPlay/Android Auto to wireless CarPlay/Android Auto
Compatibility	Car: with OEM Apple CarPlay/Android Auto
	Phone: Running ios 10/Android 8.0 or newer
Control	OEM touchscreen, steering wheel, and joy stick control
Input Power	USB 5V
Connectivity	Wi-Fi & Bluetooth

How To Check If A Car Has Apple CarPlay/Android Auto

1. Plug your phone (running iOS 10 or newer, or Android 8.0 or newer) into the car USB port with the cable. If your car has built-in Apple CarPlay, a notification like the one below will pop up on your iPhone. (Android phones may not have a notification.)

Allow CarPlay with "XXXX" while phone is locked?

You contacts and other information will appear on this car's display without unlocking your iPhone.

Not Now	Allow

2. Look for the icons below on the menu of your vehicle's infotainment system. If you see either of the four icons, then your vehicle has built-in Apple CarPlay/Android Auto.

or   or

3. If you're unsure whether or not your vehicle has built-in Apple CarPlay or Android Auto, contact your car dealer for further assistance.
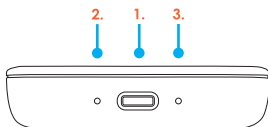

What's in the box?

1. User Manual

2. Wireless Adapter

3. USB Cable (Type-C to A)

4. USB Cable (Type-C to C)

Product Overview

1. USB Type-C Port: connect to car

2. LED Indicator

- Power ON: Blue light flashing.
- Connecting: Blue light flashes slowly.
- Connected to Car Successfully: Blue light remains solid.
- Updating: Blue light flashes rapidly.
- Update Successful: Blue light remains solid.

3. Reset Button

How To Install

| Car USB Port | OR | Car Type-C Port |

Note: If there are multiple USB ports in your car, the adapter should be plugged into the USB port that is for wired Apple CarPlay/Andriod Auto connection.

How To Connect

1. Turn on your Phone's Wi-Fi and Bluetooth
2. Pair your Phone's Bluetooth with Auto-xxxx
3. A pop-up message will appear on your Phone. Choose Pair-Allow-Use CarPlay/Android Auto.
4. Connecting to Wireless CarPlay/Android Auto will take a few seconds.

Note: Before connecting to a new Phone, please disconnect the previous Phone.

Kindly enable the Wi-Fi and Bluetooth features on your iPhone. Please disconnect and forget the existing Bluetooth connection with the car's infotainment system.

Then, proceed to search for and pair the specified device through your iPhone's Bluetooth settings.
