# CONNECT DEVICES TO YOUR TV

Check to ensure that you have selected the right cables for the ports and that they are connected securely (*cables and external devices not included*). Loose connections can affect your picture and audio quality. Actual connections may vary by model. Please refer to the actual product.

## ANTENNA

Connect an outdoor or indoor antenna.

## HDMI

Connect a Blu-ray or DVD player, gaming console, streaming device or other external devices to your TV. Highest quality audio/visual connection.

## OPTICAL

Connect an optical cable from an external digital audio system.

## HEADPHONE

Connect headphones or external speakers.

## USB

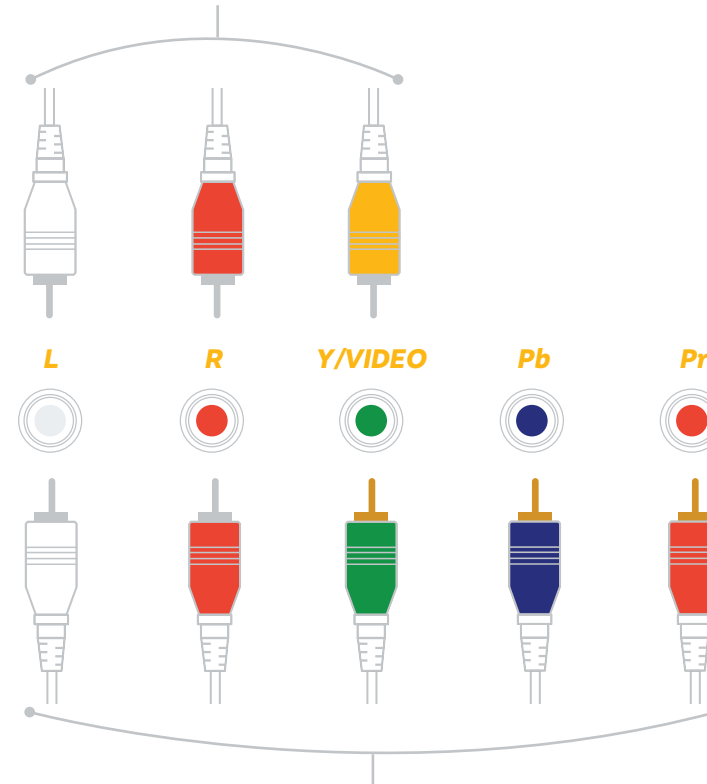

Connect a USB device for browsing photos, music, movies, or pausing live TV.

# CONNECT DEVICES TO YOUR TV

(continued)

## composite (good quality)

## component (better quality)

Connect a composite video (yellow) or component video (green/blue/red) and left-right audio cables from an external AV device.

# SETTING UP YOUR TV

1

## Place Batteries in Remote

Power your TV remote by inserting the included batteries carefully matching (+) and (-) indicated inside the battery compartment.

**TIP:** Always replace dead batteries with two brand-new batteries from the same manufacturer. Never use damaged batteries.

If your remote gets warm/hot during use, discontinue use and contact customer support immediately.

2

## Plug in and turn on TV

Plug your TV into the wall outlet and press the power button on your remote control.

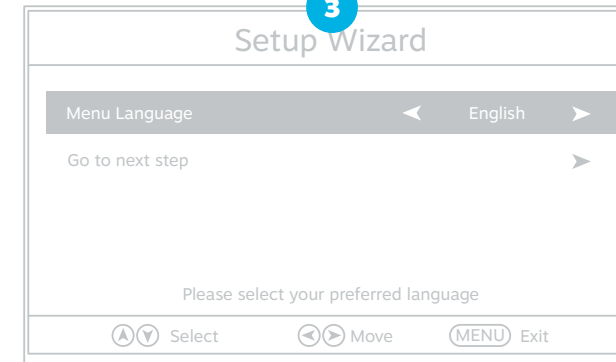

## Power button

# SETTING UP YOUR TV

(continued)

3

Press the ▼▲◀▶ buttons on your remote to select or change a setting. When you're finished, press MENU to exit the Setup Wizard.

**Menu Language:** Select the language you want to be displayed in the menu. The default language is English.

**Time:** Select the time zone and daylight saving time.

**Air/Cable:** Select whether you want to watch TV with an antenna (Air) or through a cable/satellite box (Cable).

**Auto Scan:** Search and store available channels automatically.
