

# Oven, 30", 17 Function, Self-cleaning

Series 9 | Minimal

Black

With elegant minimal styling, advanced cook functions and touchscreen, this large built-in oven is a highlight of our collection.

- Guided cooking using your touchscreen makes it simple to cook by food, function or recipe.
- 4.1 cu ft total capacity, with 17 oven functions including Aero™ Pastry and Roast, Air Fry and Dehydrate
- Non-tip, full extension sliding shelves for safe removal of hot dishes
- Accessories include food probe, smokeless grill tray, and more

## DIMENSIONS

Height	27 1/16"
Width	29 29/32"
Depth	23 29/32"

## FEATURES & BENEFITS

### Cook with confidence

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you've been cooking all your life or just starting out. Cook with a favorite method, a hero ingredient, or a go-to cooking function or recipe.

### Generous capacity

With its 4.1 cu ft total capacity, you can create several perfectly cooked dishes at once using multiple shelves.

### Multi-function flexibility

The cooking functions have each been tailored, tested, tweaked and perfected to ensure that no matter what you're cooking, you've got the right heat to match. A food probe precisely monitors cooking in real time, giving you complete control.

### Exceptional performance

AeroTech circulates heat evenly for a consistent temperature throughout the cavity, helping you ensure perfect results even when cooking on multiple shelves.

### Self-cleaning

Our self-clean technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

### Design freedom

Available in an elegant black or a stylish black with stainless steel, this oven is designed to fit seamlessly into your kitchen. Premium materials and detailing to support a cohesive, considered kitchen design.
