Assembly Instructions

1. **Unpack all components and verify contents.**
2. Connect the adjustable mount arm to the stand base by aligning and screwing them together.
3. Attach the microphone clip to the top of the mount arm using the standard 5/8" screw-on threading.
4. Adjust the height by loosening the clamp, raising or lowering the pole, then tightening the clamp to secure the position.
5. Tilt or rotate the microphone clip as needed for your desired angle.

Usage Tips

- Always ensure the tightening clamp is securely fastened before use.
- Position the stand on a flat, stable surface to prevent tipping.
- Avoid exceeding the maximum height limit of 5.0 ft (60 in).

Cleaning, Maintenance & Storage

Cleaning

- Wipe down the stand with a dry or slightly damp cloth.
- Avoid using harsh chemicals or abrasive materials.
- Keep the threading and clamp mechanisms free from dust or debris.

Maintenance

- Periodically check for loose screws or clamps and tighten as needed.
- Lubricate moving parts with a small amount of silicone spray if they become stiff.

Storage

- Disassemble the stand if not in use for extended periods.
- Store in a cool, dry place away from direct sunlight or moisture.
- Use the original box or a padded case to prevent damage during transport.

Safety Precautions

- Do not overload the microphone clip beyond its intended use.
- Keep the stand out of reach of small children to avoid accidental tipping or injury.
- Ensure the base is fully unfolded and secured before mounting any equipment.
