1 Requires the HP Smart app download. For details on local printing requirements, see hp.com/go/mobileprinting. 2 Wireless operations are compatible with 2.4 GHz and 5.0 GHz operations only. Learn more at hp.com/go/mobileprinting. Wi-Fi is a registered trademark of Wi-Fi Alliance®. Upon purchase, your printer comes with a $49 prepaid card that will be added to your account ($48 in Canada). This will cover 6 months of service on a monthly $4.99 for 100 pages Instant ink plan ($5.99 in Canada). Other plans are available that may shorten or lengthen your offer period. After you have successfully registered your printer and created your HP Connected Account and Service Account, you must redeem your offer and select an Instant ink printing plan. The Service begins when the offer is redeemed. You must redeem your prepaid card within 6 months from printer setup or it will be void. Redeemer allows unused pages in a month to be placed in a rollover account and then applied to pages in excess of your monthly allowance. The rollover balance account is limited to a maximum of twice the pages available in your plan. The rollover balance will be decremented for any overage fees, resulting in less months of printing. Receiving your ink cartridges requires Internet connection to refill/HP printer, email address, and delivery service in your geographic area. Printers require direct connection to the Internet for program participation. For more details, see hp.com/go/inkdelivery. 3 Requires Amazon Alexa or Google Assistant™ and is available in certain countries; see hp.com/go/alexa and hp.com/go/hpgooglehome. Also requires an HP web-connected printer registered with Google Cloud Print or ePrint. For ePrint account registration, hp.com/go/HPConnected/eprint.
