Installation:

1

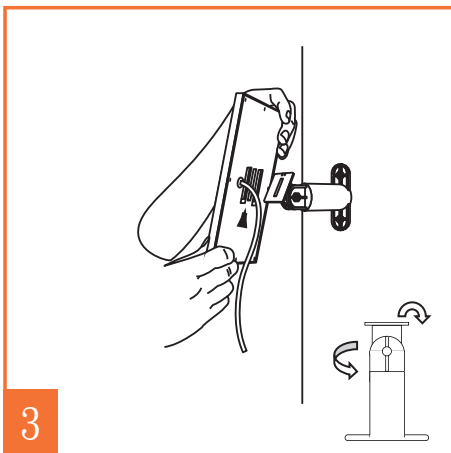

Select an installation location, ensuring that it is a spot that will allow for maximum sun light exposure. Using the wall mount as template mark in the screw holes with a pencil.

2

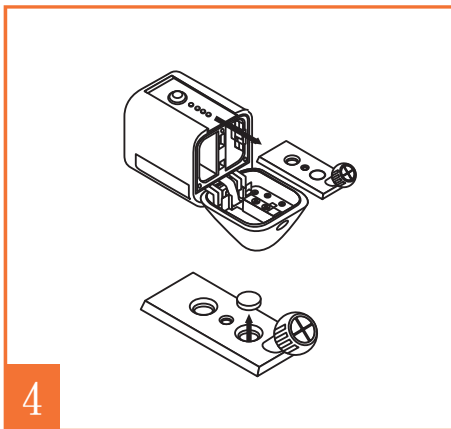

Drill two holes at the position previously marked. Place the included plastic anchor into the hole. Attach the mounting arm to the wall with the screws provided.

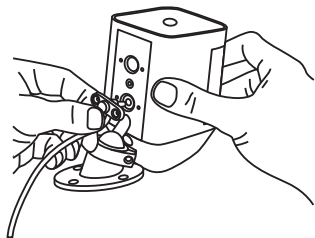

3

Slide the solar panel onto the wall mount. Adjust and rotate the angle of the Solar Panel for optimum sunlight coverage.

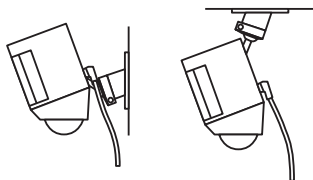

4

Open the battery compartment of the Ring Spotlight Cam and slide the mounting plate out of its slot. Push the weatherproof rubber plug out of its hole on the mounting plate and return the plate back onto the camera.

5

Plug the charging cable into the power connector on Ring Spotlight Cam. Secure the plug with the included screws to keep the connection weatherproof.

6

Insert the Ring Spotlight Cam into its mounting bracket and adjust the camera to your desired angle.

Eco-friendly

360 degrees rotatable mounting bracket

Quick and easy installation

Weather resistant

Warning

1. Please do not try to open or break the solar panel.
2. Please keep the solar panel away from heat sources and fire.
3. Please ensure that the silicone ring fully covers the USB port before placing it for outdoor use.
4. Please avoid stretching the USB cable to the full extent — use a cable extender to help relocate your solar panel to a position with more sunlight.

General Specifications

- Dimensions: 7.5in x 6.0in x 1.25in
- Power: 2W 5V
- Weather resistant
- DC connector
