

Our best-selling mount—the TripGrip is two mounts in one. Mount your phone on your windshield or on an air vent. The mount features easy one-button expansion and 360° rotation for convenient portrait or landscape viewing.

FEATURES

- Sturdy windshield mount with 9.5" flexible gooseneck allows viewing angle adjustment
- Includes vent clip for additional mounting options—works on vertical, horizontal and round vent shapes
- Easy one-button device release expands arms up to 3.5"
- 360° rotation for portrait or landscape viewing
- Includes folding support legs for added support when needed
- Non-skid padding won't scratch devices
- Works with most smartphones with or without cases
- Works with most GPS devices 5" and smaller

One (1) year limited warranty
