QUICK SETUP GUIDE

USB-C Wall Charger

NS-PWLG1 / NS-PWLG1-C

PACKAGE CONTENTS

- 45 W Wall charger
- 6.6 ft. (2 m) USB-C to USB-C cable
- *Quick Setup Guide*

COMPATIBILITY

Compatible with most USB-C powered devices including laptops, tablets, smartphones, and handheld consoles.

FEATURES

- 45 W with Power Delivery quickly charges your devices
- GaN technology (Gallium Nitride - more efficient than silicon) and folding blades allow for a more compact and portable design
- 6.6 ft (2 m) braided cable gives you flexible placement options

PRODUCT OVERVIEW

CHARGING YOUR DEVICE

- 1 Open the folding blades and insert them into a wall outlet. The LED indicator turns blue.

- 2 Plug one end of the USB-C cable into the USB-C port on your wall charger.

- 3 Plug the other end into a USB-C port on your device. The charger automatically begins charging your device.

Before using your new product, please read these instructions to prevent any damage.

TROUBLESHOOTING

My device isn't charging.

- Make sure that the charger is connected securely to the wall plug.
- Make sure that your device is securely connected to the charger.

My device is charging slowly

- Make sure that the power requirements of your device match the power delivery of the charger.
- Stop using your device while it is charging.
- Close apps that run in the background on your device.
- Devices may start charging slower as they get older. This is normal.

- The maximum ambient temperature during use of this product must not exceed 113°F (40°C).
- Do not place this device in fire or other excessively hot environments.

LEGAL NOTICES

FCC Caution:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Statement

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
