

Intel  
LGA1700  
Compatible

## SPECIFICATIONS

|                                        |                                                                                 |
|----------------------------------------|---------------------------------------------------------------------------------|
| Number of Fans                         | 2                                                                               |
| Fan Dimensions                         | 120 x 120 x 25mm / 4.7 x 4.7 x 0.98 inches                                      |
| Fan Speed                              | 500 ~ 2000 RPM                                                                  |
| Fan Power Consumption                  | 1.8 W                                                                           |
| Fan Rated Current                      | 0.15 A                                                                          |
| Fan Rated Voltage                      | 12V DC                                                                          |
| Fan Bearing                            | Two Ball Bearing                                                                |
| Fan Air Pressure                       | 0.23 ~ 2.39 mmH2O                                                               |
| Fan Noise Level                        | 14.3 ~ 34.3 dBA                                                                 |
| Fan Air Flow                           | 21.63 ~ 78.73 CFM                                                               |
| Fan Lighting                           | ARGB                                                                            |
| Fan ARGB Cable Connector               | Pin + Socket                                                                    |
| PWM Mode                               | Yes                                                                             |
| Fan Cable Length (5V ARGB / PWM cable) | 550 / 350mm; 21.65 / 13.78 inches                                               |
| Radiator Material                      | Aluminum                                                                        |
| Radiator Dimensions                    | 274 x 120 x 27mm / 10.79 x 4.7 x 1.06 inches                                    |
| Radiator Water Cooling Pipe Length     | 400mm / 15.75 inches                                                            |
| Block Dimensions                       | 80.57x 66.82 x 48.58mm / 3.17 x 2.63 x 1.91 inches                              |
| Block Lighting                         | ARGB                                                                            |
| Block ARGB 5V Cable Length             | 400mm / 15.75 inches                                                            |
| Block ARGB Cable Connector             | Pin + Socket                                                                    |
| Pump Load Current                      | 0.34 A                                                                          |
| Pump Rated Voltage                     | 12V DC                                                                          |
| Pump Speed                             | 4200 ±10%RPM                                                                    |
| Pump Power Consumption                 | 4.08W                                                                           |
| Intel Socket                           | LGA 1150/1151/1155/1156/1200/1700<br>LGA 1366/2011/2011-3/2066                  |
| AMD Socket                             | AM5/AM4/FM2+/FM2/FM1/AM3+/AM3/AM2+/AM2                                          |
| Accessories                            | 1 to 2 Fan PWM cable x 1<br>PSU Molex 4-Pin to 4-Pin(2 Pin Wired) Fan cable x 1 |
