

InfinitiPRO by Conair®

FloMotion Pro Dryer, Customized Control

Description

Now you can personalize your drying experience and explore limitless looks, no matter what hair type you have. It's easy with the InfinitiPRO by Conair® FloMotion Pro Dryer.

Features

Express yourself: Personalize the dryer's performance for your specific hairstyle with the adjustable rear FloMotion dial.

Serious performance: Professional AC motor gives you up to 50% faster drying and lasts up to 3x longer compared to our other DC motor dryer and styler models.

Healthier-looking hair: Infrared heat generated by ceramic technology ensures gentle, even drying to help minimize heat damage.

Smooth, shiny hair: Ionic technology ensures up to 75% less frizz compared to hair dryers with natural ion generation.

Additional heat and speed settings: 6 total heat and speed combinations work with the adjustable rear FloMotion dial to broaden your styling experiences.

Lock in your look: True cold shot button sets your style in place.

Lose the lint: Prevent lint buildup and extend motor life with the removable filter.

Dry with precision: Our sleek concentrator focuses airflow for pinpoint styling.

Add lift while you style: Our professional diffuser circulates airflow to boost volume.
