## THE CREATIVE PRODUCTION STUDIO FOR SOUND INNOVATORS IS BACK

ACID Pro seamlessly combines the speed of loop-oriented music production with the features of a fully-equipped DAW. Record simultaneously on multiple tracks, play virtual instruments and create high-quality loop variations and exciting transitions for your arrangement. Get inspired by Transparent Technology™ Design and classic ACID workflows. Sketch your songs from the initial idea right through to the final master.

## HIGHLIGHTS

- NEW! Modern GUI
- NEW! 64-bit version
- NEW! Audio event effects
- NEW! More virtual instruments
- NEW! More effect plug-ins
- NEW! More ACIDized loops

## SYSTEM REQUIREMENTS

**For Microsoft Windows 7 | 8 | 10**
64-bit systems
All MAGIX programs are developed with user-friendliness in mind so that all the basic features
run smoothly and can be fully controlled, even on low-performance computers. The technical data for your
computer can be found in the control panel of your operating system.

**Processor:** 1 GHz (Quad-core processor with 2 GHz or better recommended)
**RAM:** 1 GB (8 GB recommended)
**Graphics card:** Onboard
**Available drive space:** 500 MB for program installation
**Internet connection:** Required for activating and validating the program, as well as for some program
functions. Program requires one-time registration.

**Supported import formats**

**(20 words)**
ACID Pro combines looping functionality with powerful DAW functions to create a seamless studio production environment and accompanies you from initial idea to master.

**(50 words)**
ACID Pro combines looping functionality with powerful DAW functions to create a seamless studio production environment. Record simultaneously on multiple tracks, use virtual instruments and create variations and exciting transitions for arrangements using high-quality loops. Make your creative ideas reality thanks to Transparent Technology™ Design and classic ACID workflows and sketch songs from the initial idea right through to the final master.

**(100 words)**
ACID Pro combines looping functionality with powerful DAW functions to create a seamless studio production environment. Record on a huge number of in 24-bit/192 kHz tracks and add high-quality loops from one or several sound sequences directly to the Timeline. Group effects and create your own effect chains. Comprehensive MIDI inline editing and ACID loops enable you to create perfect results. Modify pitch with zplane élastique algorithms or save your music to CD format using the burn function directly within the Timeline. Alternatively, save tracks in all standard formats and upload directly online!
