For more information, please contact us at 855-569-6595, or via mail to: Universal Electronics Inc., N. Scottsdale Road, Suite H300, Scottsdale, Arizona 85254. Please include your full name, product information, and contact information.

LIMITED WARRANTY

Warranty: Universal Electronics Inc. warrants this product to be free from defects in material and workmanship for a period of one year from the date of purchase. This warranty does not apply to damage caused by accident, abuse, misuse, misapplication, or failure to follow instructions or as a result of any unauthorized modification only to the original buyer, and is and shall be in lieu of any and all other warranties, express or implied, made by or for the seller. Universal Electronics Inc. and of all other obligations or liabilities on the part of Universal Electronics Inc. for, nor authorizes any other person purporting to act on its behalf to make or assume for it any other warranty or liability concerning this product. Universal Electronics Inc. under all circumstances for any warranty issue shall be limited to the repair or replacement of the product. It is recommended that the customer check their equipment on a regular basis.

Remedies: Your exclusive remedy under this Limited Warranty is that Universal Electronics Inc. will, at its option, repair or replace, without charge for parts and/or labor, the product found to be defective.

Service Procedure: To obtain warranty service, visit www.oneforall.com/warranty, your full name, contact information, product serial number, and description of the problem, and a clear image of your sales receipt showing date of purchase.

Disclaimer: THE FOREGOING LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY OF UNIVERSAL ELECTRONICS INC. WITH RESPECT TO THE PRODUCTS. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, EXCEPT AS REQUIRED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY, ARE LIMITED IN DURATION TO THE WARRANTY PERIOD PROVIDED HEREIN. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

IN NO EVENT SHALL UNIVERSAL ELECTRONICS INC. OR ANY OF ITS AFFILIATES BE LIABLE FOR SPECIAL, INDIRECT, CONSEQUENTIAL, OR MULTIPLE DAMAGES, INCLUDING DAMAGES FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, OR ANY OTHER DAMAGES, INCLUDING LOST OR DAMAGE TO SOFTWARE OR DATA, OR DAMAGE TO EQUIPMENT. THE PRODUCT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE PRODUCT IS PROVIDED "AS IS" WITHOUT ANY WARRANTY, EXPRESS OR IMPLIED. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

Reception quality and the numbers of channels received are dependent on the location of the antenna, the broadcast tower, broadcast power, line of sight, terrain, metal construction in the area, and other factors.

LEGAL NOTICES

FCC STATEMENT:

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against interference with residential installations. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference with radio communications. However, there is no guarantee that interference will not occur in a particular installation. If you experience interference, you can be helped by one of the following solutions:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance with the user's authority to operate the equipment.

1

FIRST connect the USB cable to the power adapter. Alternatively you can plug the USB cable in one of your USB ports on the side or back of your TV (if available).

PRIMERO conecte el cable USB al adaptador de corriente. Alternativamente puede conectar el cable USB en uno de los puertos USB al costado o reverso de su Televisor. (si está disponible) de alimentación.

3

Decide how you would like to position the antenna:

I WALL MOUNTED or **FLAT**.

Decide how you would like to position the antenna: FLAT or WALL MOUNTED. When mounting to a wall, you will have to drill 2 holes in your wall whereas the distance between the center of the holes should be 140 mm. Put the plugs in the holes and put the screws in the plugs.

We do suggest you to FIRST finalize this set up before drilling holes, since you might need to re-position the antenna for best reception.

Position the antenna as high as possible and move close to or in a window and facing the directions of the TV towers for best reception. A / B or C. If you are not sure in which direction your TV towers are, please check www.channelchecker.com and it

II

IMPORTANT!

Now you can perform a channel scan on your TV. Set the **tuner mode** of the TV to **ANTENNA** first, then choose **CHANNEL SCAN** (may be called AUTO PROGRAM, AUTO TUNING, AUTO SCAN or CHANNEL SEARCH in the setup menu of your TV).

If the number of channels or the quality is poor, please change the antenna's position and go to step **III** + **IV** and RE-SCAN on your TV.

III

In order to improve the reception performance, you can rotate the antenna for a different position of the antenna by moving it to a different window and facing the direction of the TV towers.

IV

You can also rotate the antenna while lying down in order to improve reception even more.

IMPORTANT!

Remember to perform a **RE-SCAN** on your TV. When you rotate the antenna you have to perform a **CHANNEL SCAN**.
