

# Assembly Instructions

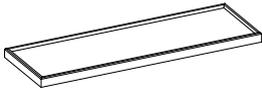

Thanks for bringing Burrow into your home.

Everything we make is incredibly simple to set up — and take apart if you move — including your new bench.

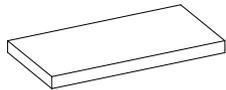

Feel free to contact [support@burrow.com](mailto:support@burrow.com) with any specific questions!

Everything you need is included:

1 x  
Bench Seat

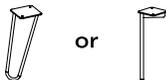

1 x  
Cushion

8 x  
Thumbscrews

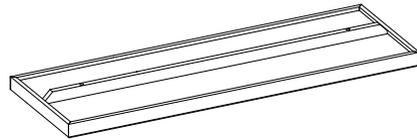

4 x  
Metal Legs  
(hairpin or straight)

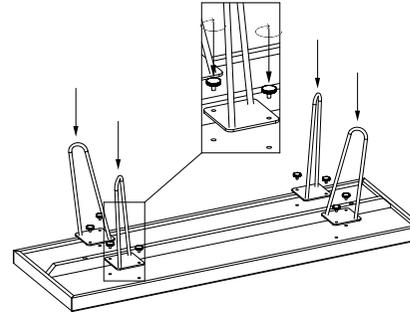

1

Place the bench seat upside down on a soft surface like a rug or the cardboard box. The Burrow plaque should be facing up.

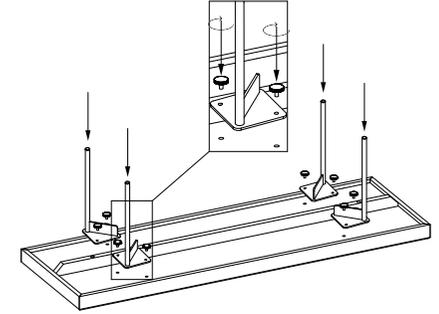

2

Attach the metal legs — either hairpin or straight, depending on which style you ordered — with the included thumbscrews. The legs should be positioned so the feet are closest to the corners, as shown below.

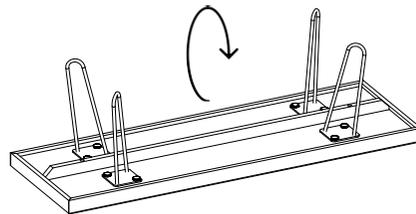

Hairpin Legs

Straight Legs

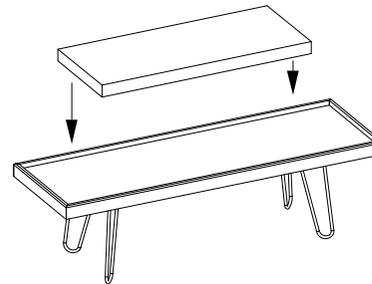

4

Flip the bench so it is standing upright.

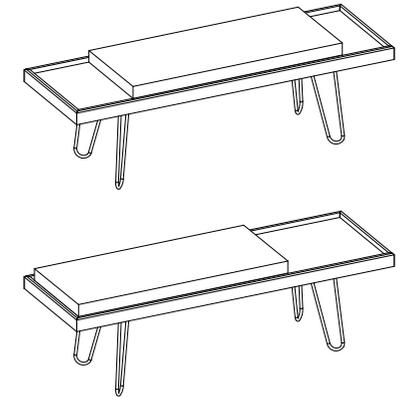

5

Place the cushion with the non-slip side facing down.

6

The cushion can go wherever you like: try it aligned to one end for a side table surface, or put it in the middle for some pleasing symmetry.
