Security

Face Unlock

Secure your device with face unlock. The phone will recognize your stored face and unlock the device.

Fingerprint Unlock

Never mind remembering your passcode. Just touch the fingerprint reader to wake up and unlock your phone instantly.

Android™ Pie 9.0

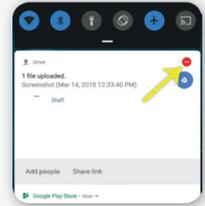

New Navigation Gestures

- Switch between apps by using gestures instead of buttons
- E.g. Swipe up, Swipe right, Swipe left.

Notification Improvements

- Respond in a tap with suggested smart replies
- Turn off frequently dismissed notifications

Advanced camera system

Do more with your camera by adding creativity and depth to photos with the advanced camera system. Go even further with high-res for stunning clarity that automatically restores the details of images. The 12MP with PDAF lets you focus on a subject in the blink of an eye.

¹All battery life claims are approximate and based on a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns.

²Battery must be substantially depleted; charging rate slows as charging progresses. All battery life claims are approximate and based on a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns.

³Supports up to 512GB microSD card, microSD cards sold separately. Content with DRM restrictions may not be able to be moved to the card.
