COLORTRAIL

RSCWL10
14-18" ADJUSTABLE
RGBW WHEEL
LIGHT KIT

The COLORTRAIL RGBW Multi-color LED Wheel Light Kit offers universal fitment and adjustable anodized aluminum wheel rings, designed to fit 14-18 inch wheels. Transform any wheel into a vibrant display of colors, with solid or chasing patterns that add a dynamic touch to your ride. Ideal for enhancing your vehicle's appearance with customizable lighting effects.

Thanks to its flexible design, COLORTRAIL can easily fit into any space or configuration, making it perfect for everything from off-road adventures to boat lighting or showcasing your vehicle at a car meet. These lights are engineered for both style and longevity, turning heads wherever you go.

With COLORTRAIL, your ride will not only stand out but also be equipped with a high-performance lighting solution that is built to last.
