P2779VC

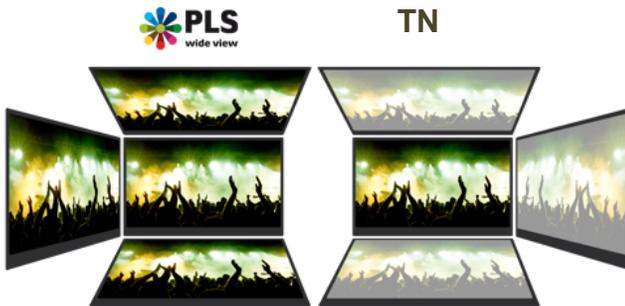

27-inch PLS Monitor with Qi Wireless Charging Base

AOC's new 27-inch sleek monitor provides wireless charging capability for your smartphone. The Qi Wireless Charging Base removes the hassle of dealing with cables and allows you to simply place your Qi compatible device on top of the base for a smooth charging experience. Not only does the P2779VC provide an easy solution to charging your smart device, the monitor also features wide-viewing angles with PLS panel and high-definition connections.

Key Features

- 27" with Full HD 1920 x 1080 Resolution
- PLS panel for wide-viewing angles and color uniformity no matter the viewing angle
- Qi Wireless Charging Base for cable-free charging of Qi compatible smart devices
- VGA, HDMI (2x) connectivity for all high-definition video and audio
- Sleek design with extra narrow borders

AOC

PLS for Wide Viewing Angles

Plane to Line Switching (PLS) panel gives 178/178 degree viewing angle while maintaining consistent image quality and colors from all viewing positions. PLS panel has true 8-bit color depth that results in incredible color accuracy. The screen itself has a matte anti-glare coating that won't leave fingerprints or smudges. PLS is perfect for graphic designing, video editing, photo retouching, amongst others. You can also view your spreadsheets or weekend movies from virtually any angle without compromising color uniformity.

Full HD Resolution and Dynamic Contrast Ratio

The P2779VC features Full HD 1920 x 1080 resolution that allows for high-definition image quality in terms of clarity and vivid colors. When you have Full HD resolution with dynamic contrast ratio, the result is crisp detailed images with incredible contrast, giving you bright vivid colors that comes to life every time.

Qi Wireless Charging

Qi Wireless charging removes the hassle of cables when charging your phone. De-clutter your life and charge your phone by simply placing your Qi compatible device on top of a Qi enabled charging base. This means you can charge your smart device and keep it in view while doing work or enjoying entertainment on the monitor. You will not have to worry about having an available outlet nearby. Some devices will require additional accessories to be compatible.

Kensington Security Slot

This AOC monitor comes with a Kensington Security Slot for theft prevention. This anti-theft system allows you to secure the monitor in its place via compatible locking cable kit. Kensington Security Slot is ideal for both office and home settings.

Connectivity and Features You Need in a Monitor

The P2779VC features VGA and two HDMI connections, with an earphone audio jack. An HDMI connection gives you high-definition video and audio, perfect for watching those videos or highly-detailed images at home. The monitor comes with AOC's eSaver and i-Menu software for both eco-friendly and user-friendly configuration and navigation.
