

The **Sable Frame 2 Series** uses Elite's **CineWhite®** tensioned 1.1 gain material within a velveteen coated frame. A new design feature for the **CineWhite®** material is a rubber-edge border that makes installation a lot easier and a lot less time consuming. As an added bonus, a new installation kit with sliding wall brackets is included free of charge.

Features

Screen Material

- Award Winning CineWhite® 1.1 Gain front projection material with black backing and full tension uniformity across entire viewing surface
- Outstanding picture quality at any viewing angle with no compromise in resolution or brightness
- Active 3D and 4K Ultra HD Ready
- Elegant velvet covered frame absorbs projector overshoot and increases picture contrast
- Assembles in minutes and includes installation hardware
- Available in various sizes and aspect ratios

Design and Installation

- 2.4" width frame and is velvet coated
- Split-frame design facilitates lower shipping costs without sacrificing quality
- Easy to assemble and install in minutes
- Wall brackets allow screen to slide horizontally for properly centered installation
- Installation kit includes: Woods screws & anchors, Wall Brackets, Screwdriver, Mallet
