**PACKAGE CONTENTS**
- Power Center
- Extension Cables (2)
- Quick Setup Guide

**FEATURES**
- Advanced fireproof MOVs assures the best protection and safety during a surge event
- Wide-spaced outlets for larger plugs and power supplies
- Advanced two-stage power filtration removes unwanted interference from incoming power to provide only clean, pure power to your sensitive electronic devices
- Switchable LED trace lighting on all USB ports and outlets for easy connection in dark spaces
- 4 on-board USB ports with 4.2A of current for high-speed charging of devices
- Sleek, modern design with brushed aluminum accents and a discreet housing to fit with modern electronics
- Status indicator lights for Power Protection and Power Filtration so you know your Power Center is working properly

**SAFETY INFORMATION**
- **RISK OF ELECTRIC SHOCK** - Use only in dry locations and only indoors.
- **DO NOT** plug into another relocatable power tap.
- **DO NOT** “daisy chain” surge protectors.
- **DO NOT** use with any aquarium equipment.
- **DO NOT** use if correctly grounded outlets are not available.
- **DO NOT** install this device if there is not at least 30 feet (10 meters) or more of wire between the electrical outlet and electrical service panel.
- This device features internal protection that will disconnect the surge protective component at the end of its useful life, but will maintain power to the load – WHICH WILL BE UNPROTECTED. If you don’t want your equipment at risk, follow the manufacturer’s instructions for replacing the device.

**SPECIFICATIONS**

| Dimension: | 5.27 x 5.27 x 2.30 in. (13.39 x 13.39 x 5.84 cm) |
| Plug Style: | Direct plug (Fits over standard 2-outlet wall plug) |
| Outlets-Total: | 6 (Wide Spaced) |
| Surge Suppression: | 2880 joules |
| Maximum Surge Current: | 90,000 amps |
| Response Time: | <1 nanosecond |
| Attenuation: | 57 db |
| EMI/RFI Filtration: | Level 1 (2-stage) |
| Indicators: | Advanced Protection, Power Filtering, LED Light Switch |
| Safety: | UL498A, UL1449, 3rd Edition UL1310, cUL |
| Environmental: | RoHS Compliant |
| Product Warranty: | Three Years |
| Connected Equipment Guarantee: | $600,000 |
USING YOUR POWER CENTER

1. Plug the power center into a wall outlet with the plastic plug in the ground jack of the lower outlet. The Advanced Protection and Advanced Filtration LEDs light up.

   **Note:** If the Advanced Protection LED ever turns off, your power center cannot absorb additional power surges or spikes. Replace your power center.

2. Plug your devices into the power center’s outlets and USB ports to protect them from power surges.

3. Connect the extension cables if you need your connected devices to reach farther.

Using the backlights

- Press the LED Light Switch to turn the LEDs on or off. Advanced Protection and Power Filtering LEDs will always stay lit.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

ICES-003:

This Class B digital apparatus complies with Canadian ICES-003.
