

- Bucket full indicator prevents overflows
- 3 Modes – Auto, Continuous, Manual
- 3 Fan Speeds (High, Low, Auto)
- Low-temperature Operation (38°F)

### Low Noise Airflow System

High-performance centrifugal fan ensures quiet operation at 45 dB(A) with the fan set on “Low”.

### Energy Efficient

Energy Star means it's more energy efficient and helps reduce your utility bill.

### Filter Indicator

Washable filter helps to reduce bacteria, odors and particles.

### Warranty

2 Years Parts & Labor.

## Control Humidity – Helps keep your home conveniently dry, fresh, and quiet

The Hisense ADH50K26 Energy Star 50 Pint 3-Speeds Dehumidifier quietly collects water into the slide-out internal bucket or can discharge the water via connecting a garden hose (not included) through the side of the cabinet. Reliable and eco-friendly, this dehumidifier can operate at temperatures as low as 38°F. Three operating modes (manual, continuous, and auto dry) and the very low sound level make this a versatile choice. Additional features include a programmable 24-hour on/off timer, adjustable humidistat, and full-tank alert/shutoff.

## TECHNICAL SPECIFICATIONS

Performance	Performance
Dehumidification (Pints/24 hours)	50
Coverage	Up to 4500 sq ft
Refrigerant	R-32
Noise Level in dB(A)	45-48 dB(A)
