- Power indicator
- Remote control sensor

Installing the stand

1 Carefully place your TV screen face-down on a cushioned, clean surface to protect the screen from damage and scratches.
2 Secure the stand to the screen with the six provided screws.
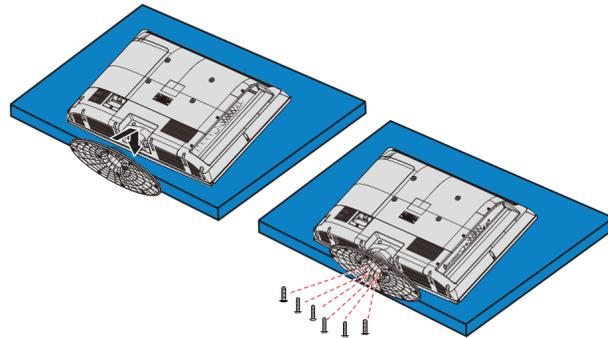

Installing a wall-mount bracket

1 Carefully place your TV screen face-down on a cushioned, clean surface to protect the screen from damage and scratches.
2 Remove the four screws that secure the stand column, then remove the column.
3 Attach the wall-mount bracket to your TV using the mounting holes on the back of your TV. See the instructions that came with the wall-mount bracket for information about how to correctly hang your TV.
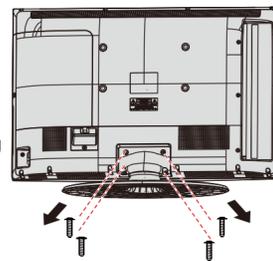

| Warning |
|---|
| This apparatus is intended to be supported by a UL Listed wall mount bracket. |

Identifying cables

Your TV has several connection types for connecting devices. For the best video quality, connect a device to the best available connection.

| Connection type	Video quality	Cable connector
HDMI video/audio	Best	
	OR	
Component video and analog audio	Better	
	OR	
Composite video and analog audio	Good	

You can use the HDMI1/DVI jack to connect a DVI device to your TV. You need to attach an HDMI-to-DVI adapter to the end of the HDMI cable that connects to the DVI device's jack.

## Connecting a DVD or Blu-ray player, cable box, satellite receiver, or game station
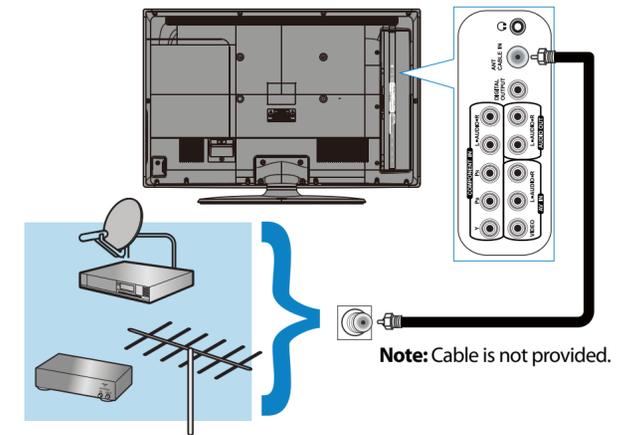

Using HDMI (best)

HDMI OUT

USB flash drive

Note: Cable is not provided.

Using component cables (better)

COMPONENT OUT

Note: Cable is not provided.

Using composite cables (good)

AUDIO/VIDEO OUT

Note: Cable is not provided.

Connecting an antenna/cable wall jack

Note: Cable is not provided.

Connecting a Home Theater System

Using Digital audio

COAXIAL AUDIO IN

Note: Cable is not provided.

Using Analog audio

AUDIO IN
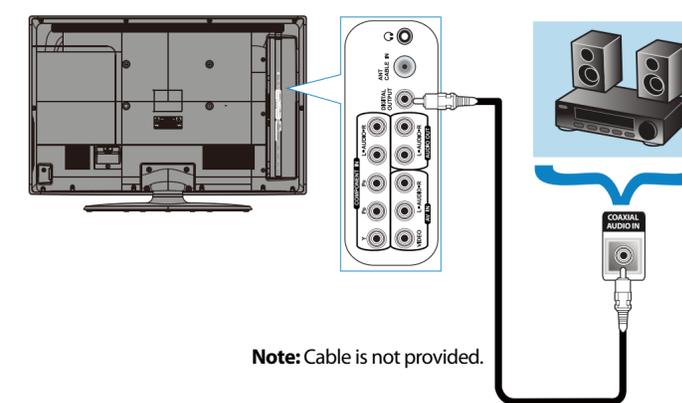

Note: Cable is not provided.
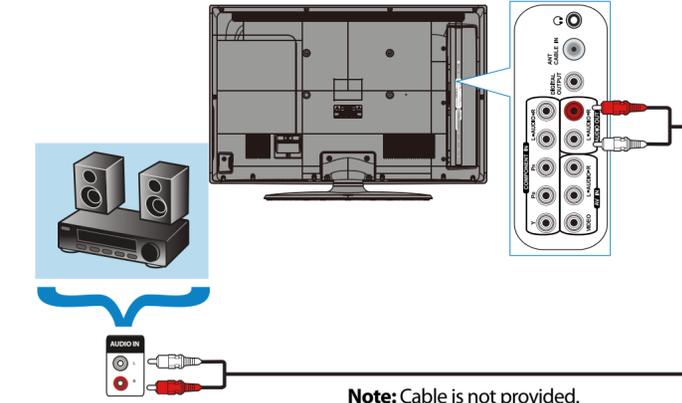

Connecting a home theater system with multiple devices
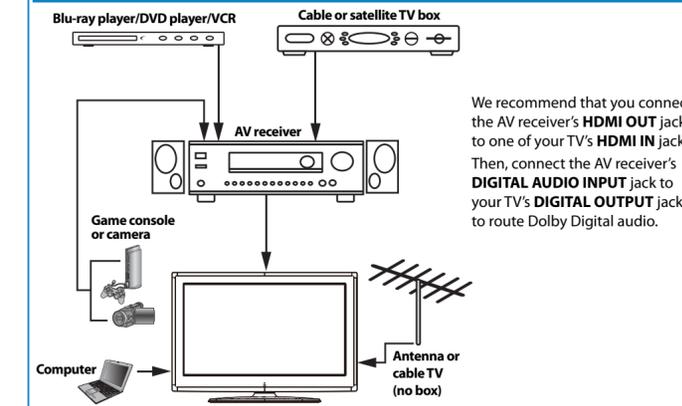

Blu-ray player/DVD player/VCR

Cable or satellite TV box

AV receiver

Game console or camera

Computer

Antenna or cable TV (no box)

We recommend that you connect the AV receiver's **HDMI OUT** jack to one of your TV's **HDMI IN** jacks.

Then, connect the AV receiver's **DIGITAL AUDIO INPUT** jack to your TV's **DIGITAL OUTPUT** jack to route Dolby Digital audio.

Setting up and using your remote control

1 Press the release button on the back of the remote to remove the battery compartment cover.

2 Insert two AAA batteries into the battery compartment. Make sure that the + and – symbols on the batteries match the + and – symbols in the battery compartment.

3 Replace the cover.

Navigates in on-screen menus.

Aspect ratio options

Normal:
Displays the original 4:3 aspect ratio with vertical black bars on the left and right hand side of the screen.

Zoom:
Expands the image to fill the screen. The top and bottom of the image may be cropped.

Wide:
Use this option to view content recorded in a 16:9 (wide-screen) aspect ratio.

Cinema:
Stretches the image at the edges, but keeps a clear image in the center.

Auto:
Automatically adjusts the image based on the screen size and the TV program. **Note:** Auto is only available when Auto Zoom in the Channels menu is set to On.

Programming your remote control

To program your universal remote control to work with your new Dynex TV, see the table for common codes. If you have problems programming your remote or need a different remote control code, visit http://www.dynexproducts.com/remotecodes for the latest remote control code information.

Universal remote TV codes

Connecting power

Plug the AC power cord into an AC power outlet.

Back of TV

Power cord
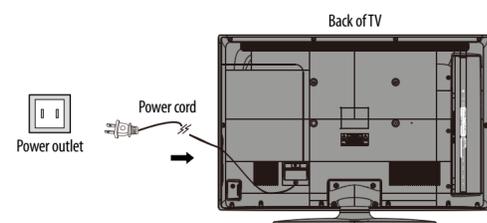

Power outlet

Turning on your TV for the first time

1 Connect the power cord to a power outlet, then press ⏻ (power). The power indicator turns on and the *Choose Your Menu Language* screen opens.

2 Press ▲ or ▼ to highlight a language, then press **OK/ENTER**. The *Time* screen opens with Mode highlighted.

3 Press ◄ or ► to select **Auto** or **Custom**. If you select **Auto**, the date and time are set automatically from a digital TV signal. If you select **Custom**, you can manually set the date and time. Press **OK/ENTER**. The *Choose your Picture Mode* screen opens.

4 Press ▲ or ▼ to highlight **Home Mode** or **Retail Mode**, then press **OK/ENTER**. If you select **Retail Mode**, a message asks you to confirm your selection. Select **Yes** or **No**. **Retail Mode** is not an energy-saving mode. The *Choose Your TV Source* screen opens.

5 Press ▲ or ▼ to highlight **Antenna**, **Cable**, or **Cable/Satellite Box**. If you select **Antenna** or **Cable**, your TV scans for available channels. The scan may take several minutes. If you select **Cable/Satellite Box**, your TV does not scan for channels.

6 To watch TV, press **TV** on the remote control.
