# BOND

## CONNECT THE THINGS YOU COULDN'T

BOND connects your existing remote controlled ceiling fans and fireplaces to your SMART home.

Control your devices from your smartphone, or using voice commands via Amazon Echo or Google Home.

# BOND

## COOL + SMART

**Energy efficient ceiling fans make your home more comfortable.**

**The BOND makes them smarter, lets you choose from ANY remote-controlled model, and control them from anywhere!**

# BOND

## HOT + SMART

Warm up, set the mood, relax. BOND makes temperature control easy-from anywhere.

One BOND controls up to 6 devices!

# BOND

## EASY SETUP NO WIRING!

- Attach BOND's power supply and plug it in

- Download and install BOND app

- Easily connect the BOND to your home network

- Click your fan's remote and wait for the green light

- Add speed, light, and temperature functions in the app

# BOND

## NEED SOMETHING?
## JUST ASK!

Voice activation is one of the greatest things to happen to the SMART Home. Now with BOND, you can control your ceiling fans or fireplaces just by asking Alexa or your Google Assistant.

**Never touch a remote again!**
